

Irish Parliament Will Open Session At Capital Today

Many Members Have Assembled, But Attendance May Not Exceed Eighty—De Valera Followers Taking Part in Rebellion Cannot Attend—Others Not Excluded

SEVERAL COMBATS OCCUR IN DIFFERENT COUNTIES

DUBLIN, Sept. 8.—Many members of the new parliament arrived in Dublin today in readiness for the opening session tomorrow. The attendance is not expected to exceed eighty. If any of the followers of Eamonn de Valera make their appearance it will probably be for the purpose of questioning the Government regarding the exact status of the new parliament, and to claim that the Dail Eireann still exists. A test case would be that of John Mahoney, who represented Fermanagh in the Dail, but cannot obtain a seat in the new parliament, the membership of which is confined to the twenty-six counties.

Among the prominent de Valeraites seen in Dublin tonight were Count Plunkett, Lawrence Ginnell and Mary Macswiney. All three were returned at the last elections, and are entitled to sit in the parliament, but such of their colleagues as are engaged in armed conflict against the Government would be liable to arrest before they reached the Parliament Hall in Leinster House.

Approach to Leinster House is impossible for unauthorized persons.

SHOW REDUCTION OF ARMAMENTS

Reports Are Sent in to Assembly of League—Haytian Delegate Takes Up Case of Hottentots

GENEVA, Sept. 8.—Reports presented by the council of the League of Nations on reduction of armaments at this afternoon's session of the third assembly of the League show that in more than a score of countries which furnished figures, reduction of military outlay has begun.

Great Britain reported a reduction of 25 per cent in naval tonnage, 36 per cent in army, 45 per cent in France, 44 per cent in Italy, 45 per cent in Japan, 59 per cent.

In land armaments, France reported a reduction of 200,000 men under arms and shortening of the term of military service by one-half.

Sweden also reported cutting her military service in two, Italy reported a reduction of 100,000 men under arms and shortening of the term of military service by one-half.

Poland reduced her army of a million men to about 250,000. Japan made reductions, but failed to give figures, while Switzerland reduced from 70 per cent to 55 per cent the proportion of her men eligible for military service.

Delegate Bellegarde, of Hayti, took the floor today and made the most eloquent speech of the session. He reviewed the work of the council and demanded an investigation of the operations of a punitive expedition sent by the South African Government some time ago against the natives of Southwest African territory, for which South Africa has the mandate.

The Haytian impressed the assembly as no other orator has done when he asked if it were possible that women and children could be slaughtered by airplanes, bombs and machine guns operated by mandatories under the authority of the League of Nations.

Delegate Bellegarde's speech was based on the charge that the South African authorities sent 350 men against some Hottentots, who had refused the payment of a heavy tax on dogs. As dogs are an important adjunct to the Hottentots, because all are engaged in sheep raising, the natives were declared to have been obliged to sell their stock to pay the tax. According to an official report received by the League of Nations, he said, the punitive expedition killed 49 natives, several of whom were women and children. The report did not mention any South African losses.

SHOPMEN APPEAR READY TO STRIKE

Men at All Centres Are Told to Be Prepared for Walkout—Action Is Deferred for Few Days

MONTREAL, Sept. 8.—Developments in the mooted strike of Canadian railway shopmen will be suspended until next Tuesday. The schedule committee which is considering the concession board award, which would cut the men's pay until the United States situation is cleared, held two sessions today but only decided to defer action for a few days. The executive carries a mandate from more than 95 per cent of the union members to declare a strike.

A strike of the railway shopmen on Canadian lines is inevitable from what can be seen at the present moment, when the declaration made by an officer of Division No. 4, Railway Employees Department, American Federation of Labor, this morning following the second day's deliberation on the findings of the board of conciliation which upheld the wage cuts to shopmen. Shops in Canada are being closed at all points and told to hold themselves in readiness for a general strike.

The statement that a strike was inevitable was made by J. A. McCalland, vice-president of the Canadian International Association of Machinists.

HENRY FORD PLANTS GET SUPPLY OF COAL

Cincinnati Company Undertakes to Provide Sufficient Fuel to Avert Shutdown on Sept. 16

CINCINNATI, O., Sept. 8.—Ernest Healy, president of the American Export and Inland Coal Co., announced the completion of an agreement with representatives of Henry Ford, of Detroit, by which a sufficient amount of coal will be forwarded to the manufacturing plants of the Ford company to obviate the shut-down that was scheduled for September 16.

Authorities Think Men in Argonaut Mine Are Alive

JACKSON, Cal., Sept. 8.—A signed statement which company, government and state officials plan to make public tomorrow, will declare the belief that every one of the 47 miners entombed in the Argonaut mine is alive. It was learned here tonight that the conclusion, it was asserted, is based on a chemical test of the air in the mine.

"We believe that every man in the mine is alive," the statement will say. "Chemical tests made at 5 p.m. today on the very substitution of our belief we now offer \$5,000 reward to the first crew that breaks into the Argonaut mine."

TUCHUNS KEEP POWER IN CHINA

Are Bent on Perpetuating Control by Military Governors—President Li Yuan Hung Is Despondent

PEKIN, Sept. 8.—Strife-torn China faces another reversal in its struggle for democratic expression. The country is on the verge of another change in government which threatens to give the militarists complete control, according to members of President Li Yuan Hung's cabinet.

Li Yuan Hung does not conceal his anxiety over the increasing power of the tuchuns, or military governors, in the present parliament, and rather than follow the high-sounding principles of self-effacement to which a number of them subscribed only a few years ago, they are enlarging their power by the use of force. They are importing munitions, and otherwise are making ready for new military activities.

President Li fears that the militarists are preparing to embroil China in another civil war with a view to preventing the abolition of the tuchun system, which they have spent the last sixteen months in accomplishing. He now contends that unless civil authority dominates in China, the country will experience a setback, many years in its desire to become a progressive nation.

Cabinet members describe President Li Yuan Hung as thoroughly disheartened and ready to resign the presidency on short notice.

PRESIDENT CLARKE OF RAILWAY IS DEAD

ST. PAUL, Minn., Sept. 8.—J. T. Clarke, president of the Chicago, St. Paul, Minneapolis and Omaha Railroad, died suddenly at his home here tonight.

Mr. Clarke's death ended an active railroad career of more than fifty years, most of which were spent in executive positions with the Chicago and Northwestern and the Omaha lines.

He was born in Auburn, N.Y., November 20, 1852, and received his early education in the public schools there. His first railway job was as a switchman with the Illinois Central, whose services he entered in 1870.

GEN. MING SEIZES AMERICAN MISSION

SHANGHAI, Sept. 8.—Foreboding occupation of American mission buildings and destruction of foreign property regarding the rights of Americans by Canton military officials, under General Chen Chung Ming in Kiangling, Kwangtung Province, is reported here tonight by R. S. Keith, in charge of mission work at Kiating.

BITES OF INSECTS KILL BOYS IN UKIAH

UKIAH, Cal., Sept. 8.—Robert Waugh, 7, is dead today, the second boy to succumb in Ukiah this week to poisonous insect bites, the nature of which is puzzling physicians here. The child was stung on the knee and died of a virulent blood infection.

Last Tuesday, Jack Ley, 14, expired after being bitten by an insect.

Pernia Goes 'Wet'

LONDON, Sept. 8.—Pernia, which faced a drought in wines and liquors owing to the prohibition by the cabinet of the importation of wine and spirits, will now become wet, the present government having withdrawn the prohibitory order, says a dispatch to The Daily Mail from Tehran.

Week's Fire Losses

TORONTO, Sept. 8.—Fire losses in Canada during the month of August are estimated by The Monetary Times at \$1,918,255. Fire losses in Canada during the week ended September 8 are estimated at \$445,000, compared with \$302,500 the previous week.

Mrs. Harding Seriously Ill

WASHINGTON, Sept. 8.—The condition of Mrs. Harding, wife of the President, was so serious tonight that recovery is not yet assured, a statement issued by the family physician said. Complications which developed yesterday and last night make Mrs. Harding's condition critical.

STRIKE REPORTS GIVE SOME HOPE

Administration Leaders Take More Optimistic View of Railway Situation From Advice Lately Received

SEPARATE NEGOTIATIONS ARE HELD AT CHICAGO

Washington Hopes That Peace on "Key" Roads May Lead to General Settlement—Progress Not Reported

WASHINGTON, Sept. 8.—On the basis of personal reports to certain administration leaders, a more optimistic view of the railroad strike situation was apparent today in government circles than in the past week.

Several officials who have been in close personal touch with strike developments declared that settlement of the labor controversy on a number of roads was a "probable" result of the series of conferences which they understood to be in progress in Chicago.

The extent to which the negotiations might go toward effecting a national settlement was not forecast in these circles, but the hope was expressed that a partial peace with "key" roads might serve as was the case in the trolley and streetcar industry—a starting point for a general settlement.

The Chicago meetings were said to have been largely a result of efforts on the part of Daniel Willard, who was understood to have associated with him representatives of about 55,000 miles of operated track.

At a meeting of the board of directors, in a statement tonight, said the Government was not a party to any negotiations between the railroads and their strikers, but that the Government would not be interfered with by the temporary restraining order issued at Chicago.

Meeting at Chicago

CHICAGO, Sept. 8.—An informal meeting of Western railway executives with Daniel Willard, president of the Baltimore and Ohio; the return from the East of B. M. Jewell, leader of the striking shop crafts, and the fall-out of the joint to the strike action looking toward peace, marked the progress of the country-wide strike today.

Mr. Jewell was served by United States marshals with notice of the temporary injunctions issued against the shopmen last Friday. He accepted the injunction without comment. All participants in the meeting declined to say anything about the progress of negotiations tonight.

GERMAN OFFERS UNSATISFACTORY

Fresh Proposals Made to Belgians Delegates on Guarantees for Six-Months' Notes Transmitted to Brussels

BERLIN, Sept. 8.—Fresh proposals by Germany for guaranteeing the six-months' treasury notes which are to be given in exchange for the 100 marks of cash were submitted to Mr. Bebelmann and M. Delacroix, of the Belgian delegation, by Dr. Herms, the German Minister of Finance, this afternoon.

These were immediately relayed to Brussels, M. Bebelmann and M. Delacroix deciding they were of such a nature as to necessitate the Belgian government assuming responsibility for their acceptance.

Unofficially it was learned tonight that the plan provides for the formation of a huge underwriting syndicate, the nucleus of which would be composed of German industrial and financial interests, as the German Government itself is not in a position to offer such guarantees, and that the securities to cover the entire issue of loans.

Belgians Disgusted

BRUSSELS, Sept. 8.—The negotiations between the Belgians and Germans in Berlin for reparations guarantees are proceeding very unsatisfactorily, it was learned today in official circles. Belgian officials are decidedly pessimistic because the Germans have so far made no acceptable offer. It is the opinion in government circles that Germany will only propose something tangible as a last resort, and that the Belgians may be forced to threaten to leave Berlin before an acceptance of a German proposal will be made.

To Bridge Sydney Harbor

LONDON, Sept. 8.—A bill was read for the first time today in the New South Wales Legislative Assembly, authorizing the construction of a bridge across Sydney Harbor and the works in connection therewith at a cost of \$5,000,000.

Eminent Doctor Dies

BALTIMORE, Md., Sept. 8.—Dr. William R. Hoar, professor of surgery at Johns Hopkins Medical School for many years, and recognized as one of the foremost leaders in the medical sciences, died yesterday. He was 70 years old.

Prince Rupert, Sept. 8.

The body of Joe Lappe, an old prospector, was found in the woods today. It had been partly eaten by wild animals. Lappe disappeared last winter from Terrace, and apparently lost himself in the woods.

KEMALISTS FIX HARD TERMS FOR ARMISTICE WITH GREEKS

Government of Peru Sends No Delegates To League Assembly

LIMA, Peru, Sept. 8.—Peru does not intend to participate any further in the work of the League of Nations, said the foreign minister today, considering the League's failure to send delegates to the present assembly of the League.

"Peru did not name delegates to the present assembly of the League of Nations," said the foreign minister, "nor has it any intention of naming any. Neither does it intend to name delegates in the future, since it considers the League to be inefficient when the United States manifested its decision not to form a part of it. Peru will reconsider its attitude only in case the United States should decide to join the League."

Tourist Group Alive to Needs

City Park Improvements, Permanent Auto Camps and "Prairie Nights" Discussed at Yesterday's Luncheon

Suggestions for the development of the City Park as an entertainment centre and swimming resort were discussed at a luncheon held yesterday by the Chamber of Commerce, by Mr. Leeming, president of the Chamber, under the chairmanship of Mr. Frank Waring, held at the Hudson's Bay luncheon yesterday. Some important projects were included in Mr. Leeming's proposals, and further consideration is to be given at a future meeting. Mr. Leeming's ideas as put before the committee were as follows:

To thoroughly dredge the water lying in the bay formed between present bathing house and bridge, and fill up to proper depth with sand.

To build cement broad walk at just above high water level, extending around shore line from bathing house to George bridge. To have below this walk either steps or gradual slope of cement to below low water mark.

To construct a small jetty projecting (at bridge end of broad walk), say a distance of fifty to sixty feet seaward, to form a protection from the swift current, and against which small boats and launches could land, and which would form an excellent diving platform.

To make a circular amphitheatre of the banks surrounding the bay and to have proper seating accommodation and steps provided thereon.

(Continued on Page 3)

EX-KAISER'S FAMILY OPPOSES MARRIAGE

DOORN, Sept. 8.—The members of the family of former Emperor William and of his entourage strongly oppose his marriage to Princess Hermine of Reuss, widow of Prince Johann of Schoenfeld-Carlsruhe, and are hopeful of being successful in preventing the union. It is understood to be held in Venice, according to an announcement made today. The purpose of the conference would be to discuss preliminaries for peace in the present Greece-Turkish conflict. An armistice or a truce is suggested by the Italian Government during the period of the preliminary negotiations.

New Greek Premier

ATHENS, Sept. 8.—Nikolaos Kalogeropoulos has accepted the premiership, which M. Protopadakis resigned on Thursday.

LONDON, Sept. 8.—The Greek High Commissioner in Smyrna, M. Stergiadis, today handed over the town to the Allied command, according to an Exchange Telegraph dispatch from Smyrna.

Allied Naval Detachments

ANGORA, Sept. 8.—The statistics of the booty which has fallen into the hands of the Turks up to September 4 is given as 810 guns, 1,200 automobiles, 200 machine guns, 400 cartons of munitions, and 40,000 rifles. In addition, more than 20,000 Greeks have been made prisoner.

NEED SUPPORT TO HELP DEPENDENTS

G.W.V.A. Secretary Points Out the Objects for Which Money Raised Today Will Be Used

In a letter appealing for support for the G. W. V. A. today, the secretary, Mr. J. P. Brown, states:

"A large percentage of the money in the treasury of the Great War Veterans' Association is used in fighting the battles of dependents of ex-service men. The cases of men in hospital, widows and orphans and many others who bring in no revenue to the association are handled with as much consideration by the G. W. V. A. as are those of members of the association. All re-establishment and pension problems presented to the executive of the organization are taken up by voluntary workers and presented to the Dominion Command. Through their efforts, many of the financial troubles of the veterans are solved, and in granting relief during the winter to destitute families, irrespective of membership, the association has but a small balance to carry on with, and for this reason makes an appeal to the public for a generous response to their day today. As the oldest service men's organization and the one recognized as the mouthpiece of the returned men by the Government, we seek the public assistance in our efforts, particularly for disabled returned men and fatherless dependents."

RURAL MAIL HANDLERS ADVOCATE REFORMS

Association Wants Salary System to Replace Contract—Indemnity for Losses Through War

TORONTO, Sept. 8.—The Rural Mail Contractors' Association of Canada wants the contract system abolished and a salary system of paying rural mail carriers substituted therefor.

The association also wants indemnities paid to the mail carriers who, it is stated, carried out their contracts during the war and post-war period at a loss to themselves in consequence of the abnormally high cost of maintenance. Resolutions calling for these reforms were passed at the association's meeting in this city yesterday.

A resolution of censure for the Postoffice Department was passed in connection with a circular that was alleged to have been issued with a view to blocking the association's efforts to secure reforms.

Election in The Pas

WINNIPEG, Sept. 8.—The deferred election in The Pas will be held on October 1, and not September 29, as previously announced, according to an announcement made last night.

Unofficial Statement Says They Include Evacuation of Thrace and Departure of Greek Military and Naval Units From Constantinople—Direct Request Necessary

Late Dispatches Show Hopeless Greek Case

Only Small Remnants of Army Remain—Turks Approaching Smyrna—Roaming Bands Threaten Grave Disorders—Allies' Efforts to Bring End to Hostilities

PARIS, Sept. 8.—The Angora Government will grant an armistice to the Greeks only if a request is made direct by the Greek generalissimo, according to Nationalist circles in Constantinople, says a dispatch to the Havas agency from Constantinople. The dispatch adds that an armistice would be subject to two conditions: First, the evacuation of Thrace, and second, the immediate departure of the Greek military and naval units in Constantinople. Permission to embark troops and material from Asia Minor would be subordinated to the above conditions.

ADANA, Sept. 8.—Advices received from Turkish Nationalist sources confirm the complete defeat of the Greek army. The army, which at the beginning of operations was estimated to aggregate 200,000 men, has lost more than half its effectiveness. The troops who are fleeing in disorder before the Kemalists amount hardly to 50,000.

Evacuating Towns

SMYRNA, Sept. 8.—The political and military authorities of Smyrna today began evacuating the town. Embarkations are under way from Smyrna, Varna and Chios.

Remnants of the Greek army have arrived twelve and a half miles from Smyrna, but the Turks apparently are not closely following them. Volunteers in Smyrna vainly are trying to enforce resistance against the Turks, but it is believed that Mustafa Kemal Pasha, the Turkish Nationalist leader, can enter the town in three days.

U.S. VETERANS ARRIVE TODAY

Visit of Seattle Ex-Service Men Will Tend to Strengthen Bond of Friendship Between Canada and States

Service organizations, merchants, and patriotic citizens have all handsomely joined hands to make a gay welcoming display of flags and bunting to show their hospitality to the visiting veterans from Seattle who arrive in Victoria at 1:15 this afternoon. The stars and stripes flying side by side with the Canadian flag, the Union Jack and other patriotic emblems of both countries was a token calculated to help cement the feeling of comradeship started between the soldiers of the two countries on the battlefields of the Great War and to foster the spirit of unity and harmony between Canada and the United States on the Pacific seaboard.

Although not on such a large scale as today's and Sunday's proceedings the Canadian ex-service men and the United States gals and doughboys have joined hands in other celebrations and a friendship has sprung up.

(Continued on Page 3)

CITY SOLICITOR JONES GETS REINSTATEMENT

VANCOUVER, Sept. 8.—E. F. Jones, city solicitor under suspension, has been reinstated in his post, the finding of Magistrate Alexander, who investigated charges made by the Central Ratepayers' Association against him.

It is understood that Mr. Jones will resign, however, from the post of city solicitor and enter private practice as an expert on municipal legislation.

Heat in San Francisco

SAN FRANCISCO, Sept. 8.—With a temperature of 91 degrees, San Francisco experienced the hottest day of the year, the weather bureau announced today. A general heat wave is being felt over the entire Pacific coast. It was reported.

BUSINESS APPEARS BETTER IN BRITAIN

Stock Exchange Activity Reflects Improvement in Trade Prospects—Export Volume Increases

LONDON, Sept. 8.—Although business on the stock exchange has been patchy during most of the week, prices on the whole have remained very regular, and the market has maintained its renewed equanimity, following last week's more or less successful handling of the reparations deadlock.

Industrial shares continue to attract notice, textile shares in particular showing some sharp advances in price, with textile machinery shares also moving forward sympathetically. Speculative buying is partly responsible for the recent cheerfulness in the textile market.

Signs of better export trade recently attracted comment from consistent observers, notably a concern Australia and New Zealand. This is due in a measure to the shipping of goods expressly ordered for the Christmas season.

Probably with the holidays over and the prospects of the exchange settling less violently, we shall see quite a revival of new debenture flotations.

UNTRUE COAL STORY TOLD BY CONGRESSMAN

WASHINGTON, Sept. 8.—Charges that United States coal is being shipped to Canada and later sold back into the United States at enormous prices were made in the House by Representative Stearns, Republican, Minnesota.

WINNIPEG, Sept. 8.—The charge made yesterday in Washington that United States coal had been sent into Western Canada and then reshipped into the United States at \$23 a ton is not credited by prominent Winnipeg coal dealers.

DEATHS IN COLLISION ON NORTHERN PACIFIC

SPOKANE, Sept. 8.—Four men were killed and six injured when Northern Pacific passenger train No. 41, westbound, collided head-on with a switch engine at Parkview last night.

The dead included O. W. South, engineer of the switch engine, and the electrician of No. 41. The body of the fourth man was found beneath the trucks of one of the baggage cars of No. 41 after the work of clearing away the wreckage had been started.

The injured, all of whom were taken to the Sacred Heart hospital here, are: Joe Carlson, fireman on No. 41; Joe Butts, Spokane, and C. Pruitt, who were declared to be seriously injured, and Wilt Kerr, J. M. Corbett and E. H. Atkins, not so seriously hurt.

REPORTS REBELLION IN SOUTHERN RUSSIA

LONDON, Sept. 8.—Rebellion broke out in South Russia, according to a Helmsford dispatch today to the Central News via Copenhagen. The Odessa Soviets have declared South Russia and Crimea independent. There is fighting in many districts between the rebels and the soviets, the dispatch stated. The crews of warships stationed at Sebastopol also were reported to be in a state of mutiny.

MOSCOW, Sept. 8.—The forty-eight Cossacks recently convicted in Kiev in connection with an uprising against the Ukrainian Government have been executed, appeals entered in their behalf having been denied.

KING OF GREECE MAY ABDICATE

Rumors of His Leaving Throne
Are Current in Europe—
Evacuation of Asia Minor Is
Expected

PARIS, Sept. 8.—Rumors that King Constantine of Greece intends to abdicate are current in several European capitals. They are considered here to have been given some color by the sudden recall of the Greek heir-apparent, Prince George, to Athens from Bucharest.

King Constantine's abdication is regarded here as an increasing possibility, particularly as it is considered the only method of getting former Premier Venizelos, Greece's wartime leader, to return to Athens, form a coalition government, make an effort to restore order in Greek affairs, and regain a part of Greece's lost prestige.

ATHENS, Sept. 8.—The evacuation of Asia Minor by the Greeks as a result of the successful offensive against their army by the Turkish Nationalists is accepted here as a foregone conclusion, although it has not been announced officially.

Meanwhile the cabinet has resigned as a result of the Greek reverses, and a new ministry is in progress of formation. King Constantine, having accepted former Premier Kalligopoulos to set a new cabinet together.

Actual orders for the evacuation of Asia Minor have not yet been given, it is said, but General Doumanos, chief of staff, is studying the problem so as to carry out the maneuver under the best conditions possible. The troops will probably be taken to the islands of Chios, Mytilene and Samos, in the Aegean Sea, where it is expected they will be demobilized and disbanded, a part of them being sent to Thrace.

A telephone message from the Greek commander in the field says that General Tricoupi, who had been appointed commander in chief, and General Digenis, who were captured by Turkish cavalry while they were proceeding to join the Greek corps at Alashehr, east of Smyrna. The taking of these generals with their staffs was not connected with the reported loss of their army corps, according to seemingly reliable information, this corps eventually retreating toward Alashehr.

The third army corps, which suffered the loss from the Nationalists' pressure, retreated toward Brusa, and consequently doubt is cast upon the reports that Brusa had been evacuated. That Brusa had been occupied by the Nationalists was denied here, and it was declared the third corps had taken up its position there.

Refugees from Smyrna are already arriving here. Eight hundred were brought into the Piraeus, the port of Athens.

General Papanikolaou, the deposed Greek commander, has been given permission to remain abroad two months.

General Polimenakos has been appointed commander in chief of the Greek forces in Asia Minor, following the capture of General Tricoupi.

Reports that King Constantine had left Athens are unfounded.

HON. DR. KING BUSY ON INSPECTION WORK

VANCOUVER, Sept. 8.—Hon. J. H. King, Minister of Public Works in the Federal Government, arrived here shortly before midnight, and this morning was in conference with A. R. Laurant, chief engineer of the Department of Public Works, who came here from Ottawa to meet him; E. Brydson-Jack, district engineer of the department; C. C. Worsfold, superintendent engineer from New Westminster; and a number of other officials of the department.

Tomorrow morning the party will proceed up the Fraser River, and a number of projects there will be inspected and investigated. It is expected that Hon. John Oliver, Hon. E. D. Barrett and Hon. W. M. Sutherland will accompany the party, and the matter of the retention banks at Velder and other projects on which the Federal and Provincial Governments will probably co-operate will be taken up.

The inspection of the Fraser Valley projects and the opening of the New Westminster fair will occupy a part of the minister until the 13th. Inspection of Vancouver Harbor will be made on the 13th and 14th, after which the minister will go to Victoria for two or three days.

This morning several delegations met Hon. Mr. King, and at noon the Federal minister was the guest of the Vancouver Board of Trade at luncheon.

FIEND TORTURES FAMILY OF SEVEN

One of His Victims Dying From Fractured Skull—All Left Wounded in Their Home

OLYMPIA, Wash., Sept. 8.—Murder probably will be added to the charges against an unknown masked man who terrorized five women and two boys at the point of a gun last night in the home of Mrs. Kate O'Hare, assaulted two of the girls, and left the whole seven bruised and hysterical.

Frances O'Hare is dying tonight of a fractured skull. Posses are searching the countryside with bloodhounds. A reward of \$500 for the capture of the man, dead or alive, is out.

The miscreant attacked Mrs. O'Hare, a widow, her five children, and Joe Dobson, a young neighbor, and left them lying unconscious on the floor at the O'Hare home, eight miles west of Olympia. All the victims are in the hospital here.

The victims are Mrs. O'Hare, 45; Agnes O'Hare, 22; Teresa O'Hare, 20; Frances O'Hare, 16; Joe O'Hare, 14; Eva O'Hare, 12, and Joe Dobson, 21.

The assailant is said by the police to have remained in the O'Hare home from 10 o'clock last night until 2:45 this morning, torturing his victims, and then before leaving struck each of them over the head with the butt of a heavy revolver, rendering them unconscious. He is alleged to have attempted an assault of Teresa, and then turned on the twelve-year-old, Eva.

Part of the story was told county and city officers by Teresa and Agnes. Teresa and Joe Dobson reported that the assailant had done last night at 10 o'clock and were covered by a gun in the hands of a masked man when they entered the yard. Teresa was commanded to lie down on the floor with her hands behind her head, and then he marched them into the house and up to the bedroom where Mrs. O'Hare and her other three daughters and son were sleeping.

Teresa was ordered to tie the hands of all with strips of sheeting and then the assailant bound her wrists.

The man is said to have demanded money and received a small amount, after which he attacked Teresa, and when she repelled him turned on her younger sister, according to the police. The man who was the only one able to get out of the house when she recovered consciousness, ran a half mile to the home of a neighbor, where an alarm was sent to officers here.

All of the victims were brought to the hospital here early today.

One of the entries was by Princess Loewenstein-Wertheim, aged 48, who accompanied the pilot during the flight. Winston Churchill, secretary for the colonies, also entered a machine, which was flown by Colonel Spencer Grey.

AUSTRALIA MAY SEE COAL STRIKE

Miners Are Dissatisfied With
Proceedings at Investigation
of Wage Question by Special Tribunal

LONDON, Sept. 8.—An extensive coal strike, affecting all the Australian collieries, is threatened over the proposal of the proprietors of the coal mines to enforce a reduction of thirty-three per cent in the miners' wages. A Reuter cable from Melbourne states: The question of the proposed reduction, as well as special grievances of the miners, have been under investigation by a special federal tribunal. This tribunal has dealt first with the wage question, whereas the miners insisted that their grievances should have precedence.

The question of the proposed reduction in the High Court by the proprietors securing an order for the disposition of the question of wages before any other matter should be dealt with.

Work at the mines was stopped today while the miners held meetings and discussed the situation. Several branches of their union were unanimously in favor of giving two weeks' notice of a strike unless the miners' grievances were settled before the reduction in wages was considered. Other branches of the union were in favor of referring the issue to the miners' federation.

In the House of Representatives yesterday, Premier Hughes, of Australia, stated that his government was emphatically in favor of settlement of industrial disputes by arbitration, but added that the tribunal system used in various Australian states was superior to the present unsatisfactory arbitration act, says a Reuter dispatch from Melbourne.

PRESENTS DEFENCE OF LEAGUE COUNCIL

Earl of Balfour Meets Charges of Failure Offered by Lord Robert Cecil and Dr. Nansen

GENEVA, Sept. 8.—A defence of the League of Nations Council against criticisms which have been directed at it was made by the Earl of Balfour at the opening of today's discussion in the assembly. The adverse criticisms of the council for its method of directing the administration of the Saar Valley, the Earl said, were the result of intense propaganda being carried on with a view to influencing the plebiscite to be held in 1935 to decide the sovereignty of the district.

The speaker resented the charges that had been made by Dr. Nansen that the nations of the world had been guilty of neglect in relieving the Russian famine.

Charity, he said, had done all that could have been expected in the circumstances. The Soviet Government had gold for other uses at the same time that foreign contributions were buying bread for the Russian people.

Answering Lord Robert Cecil's remark that the council had done nothing to restore peace in the Near East, the Earl of Balfour said: "The League has neither ships, men nor money, so how could it deal with a non-member of the League like the Kemalist Government?"

"The members of the League did provide the League with such forces."

BOMB EXPLOSIONS WRECK TWO HOUSES

ST. LOUIS, Mo., Sept. 8.—Police today were searching for the thrower of a bomb which last night wrecked an apartment house in the fashionable West End, occupied by J. J. Macgregor, president of an automobile concern here, who, with his wife, Mrs. Jean Foote Macgregor, is visiting relatives in Detroit, Mich.

Mr. Macgregor's 79-year-old father was in the apartment alone. No one was injured.

SPOKANE, Wash., Sept. 8.—The home of Dominick Oaso, until yesterday employed in the Great Northern Railway shops at Hilliard, near here, was damaged by a dynamite explosion early today. Oaso and his wife were thrown from their beds, but were uninjured. The explosion blew to bits the front porch, damaged the front of the house and broke every window. Hilliard officers expressed the belief that personal enemies, rather than railroad workers, were responsible for the attack.

GOVERNMENTS NEED ANOTHER CONFERENCE

OTTAWA, Sept. 8.—Another conference between Dominion and provincial governments lies in the offing—a conference to discuss the important conventions and recommendations adopted at the international labor conferences of the League of Nations. The question was given considerable discussion at private sessions of the national conference on unemployment, which concluded its sittings shortly before midnight. But it was felt that the primary object before the conference was unemployment, and that the international labor conventions would be better discussed at a special conference to be called by the Dominion Government on request from a majority of the provincial governments, "when this may be deemed necessary."

"Careful and sympathetic attention," was urged in the meantime. A resolution to this effect adopted unanimously at the unemployment conference was issued this morning.

Dominion Incorporations
TORONTO, Sept. 8.—Authorized capital of \$1,747,400 is represented by companies whose incorporations were reported to The Monetary Times during the week ended September 1, compared with \$1,113,480 the previous week. A summary by the Western Provinces for the week ended September 1 follows: Dominion charters, \$1,747,400; Alberta and Saskatchewan, none; British Columbia, \$270,000; Manitoba, \$50,000.

American soldiers carried more than 2,000,000 Bibles during the world war.

NO GENERAL STRIKE CAN BE ARRANGED

NEW YORK, Sept. 8.—Any proposal for a general strike in protest against the railroad strike injunction obtained by United States Attorney-General Daugherty has been abandoned by the executive council of the American Federation of Labor, according to information reaching New York from Atlantic City, where labor leaders are holding conference preliminary to the opening of the council's sessions tomorrow.

Ramuel Gompers, president of the Federation, has refused to make any statement on the matter, though he has said the general strike proposal would come before the executive as a matter of business. One hindrance to the scheme to call a general strike

has been found in the fact that the railroad brotherhoods are not affiliated with the Federation, and could not be relied upon to participate in any such movement.

To accumulate \$1,000 in fifteen years at four per cent compound interest, \$45.02 must be put aside annually.

WOULD HAVE WARD SYSTEM ABOLISHED

Councillor Macneil Will Try to Have
Sanctuary Council Put Referendum
on Question at Elections

Before the year is out Councillor Macneil will make an effort to have the Sanctuaries Council put before the ratepayers at the next annual elections a referendum on the question of abolishing the ward system in San Juan. Mr. Macneil stated yesterday that it was likely that the matter would be taken up in other quarters, but if a request for a vote on the subject did not come from elsewhere, he himself would make one at the Council table.

The Councillor is of the opinion that the abolition of the ward system would result not only in the electorate having a better selection of candidates to choose from at the elections, but would require a wider viewpoint on the part of the members of the Council who were often at present too disposed to view questions from the standpoint of their own wards alone.

Councillor Macneil would have one main fund for work in the municipality instead of ward appropriations as at present.

Australia's Wheat Sock
OTTAWA, Sept. 8.—D. H. Ross, Canadian trade commissioner at Melbourne, has called the Department of Trade and Commerce that Australia has little of last season's wheat left. The price for export is nominally 5s 6d a bushel. Flour is quoted at 11s 5s a ton.

The hydraulic press was invented in 1795.

giving immediate mental and physical relief. The circulation is rendered normal. As this treatment is based on strictly scientific principles, and acts on the actual location of the disease it cannot help but do good in all forms of female trouble, including dysmenorrhea and painful menstruation, leucorrhoea, falling of the womb, etc. Price \$2.00 per box, which is sufficient for one month's treatment. A free trial treatment, enough for 15 days, worth the cost, will be sent free to any suffering woman who will send me her address.

ADJOURNMENT IN LIQUOR CHARGES

Remand Granted as Attorney-General's Attitude With Respect to Cases Not Definitely Known

Another remand in the case against Lester Hayne and Frank Kershaw, who are each charged with "unlawfully selling intoxicating liquor contrary to the terms of the Government Liquor Act," was obtained yesterday morning in the city police court when the charges against the accused were called.

Mr. Richard C. Lowe, who is acting for the Liquor Control Board in the cases against the alleged violators of the liquor law, informed Magistrate Jay that he had not been able to confer with Attorney-General Manson, as the latter had been in Cumberland on Thursday and had left for Vancouver the same evening. He expected that Hon. Mr. Manson would be in Victoria last night, and asked for a further remand, as he didn't know what the Attorney-General's attitude would be in view of the Crown's failure in the liquor charges against Major Nicholson, M. C. of Sooke.

That an important witness for the defence in the Kershaw case had returned to Seattle owing to the delay in bringing the case against the accused into court, was voiced by Mr. Ernest Miller, counsel for Kershaw and Hayne.

"Mr. Lowe could surely have reached Mr. Manson by telephone, bringing witnesses from outside points en route, a lot of expense and keeping them waiting around in the venalities," thought Mr. Miller. "Mr. Lowe would likely wait to have a conference with the Attorney-General before proceeding with the charges against the other accused," said Magistrate Jay, in adjourning the case until Monday next.

The request that the cash bail at \$2,000, which had been fixed in the case of Frank Kershaw by Mr. W. W. Northcott, J. P., be reduced to a cash bail of \$2,000, was granted by the court.

The further charges against W. R. Davidson, and Major G. W. Nicholson and Philip Hornby, the latter two in the provincial police court, will not be heard until Thursday next, the court decided.

A Sure Relief For Women's Disorders

Orange Lily is a certain relief for all disorders of women. It is applied locally and is absorbed into the suffering tissue. The dead waste matter in the uterus is eliminated, the blood vessels and nerves are toned and strengthened, and the circulation is rendered normal. As this treatment is based on strictly scientific principles, and acts on the actual location of the disease it cannot help but do good in all forms of female trouble, including dysmenorrhea and painful menstruation, leucorrhoea, falling of the womb, etc. Price \$2.00 per box, which is sufficient for one month's treatment. A free trial treatment, enough for 15 days, worth the cost, will be sent free to any suffering woman who will send me her address.

GREEK DEBACLE IRREMIABLE

Disaster Described as One of Most Decisive in Military History—Turks Within 25 Miles of Smyrna

SMYRNA, Sept. 8.—Only an eyewitness can realize the extent of the disaster to the Greek army, which is termed by many one of the most decisive in military history. An army of 150,000 men, well organized and equipped, has been transformed in less than two weeks into a virtual band of refugees.

An official Turkish statement says four hundred Greek officers and ten thousand men have been captured since the offensive was launched, together with five hundred motor trucks, 350 guns and a million rounds of artillery ammunition.

The Greek loss of morale is illustrated by the reported refusal of a battalion of reserves, rushed here from Athens, to disembark.

LONDON, Sept. 8.—The proposed Near East conference in Venice is unlikely to be held in the near future, in view of the gravity of the situation in Asia Minor, and may never be held in the form originally suggested.

It is pointed out that the situation has been so changed by the Turkish victory in Anatolia that it will be necessary to hold a conference of the powers to deal with the settlement. Some of the newspapers report that the British, French and Italian high commissioners in Constantinople have been instructed by their governments to try to arrange an armistice and that Brigadier-General Harrington, with high French and Italian officers, has gone to the fighting line to get in touch with the Kemalists.

CONSTANTINOPLE, Sept. 8.—Unable to extricate their army from the Turkish hold, the Greek military leaders, it is believed here, will be obliged to accept an armistice terms the victors may dictate.

The Allied commissioners have recommended to Hamid Bey, representative of the Kemalists here, that the Ankara Government propose an armistice to Athens.

A Greek communiqué states that General Trikoupi, the commander-in-chief, was captured while attending an important military council at Latakia, Sunday night, at which it was decided to withdraw to the Alaşehir line.

SMYRNA, Sept. 8.—Greek forces today were holding the line east of Selhili, 50 miles east of Smyrna. It was stated in advices from the front, but there seemed little hope of stemming the tide of the general retreat of the Greek army under the Turkish Nationalist thrust.

Deserters are arriving here by the thousands. The Greek northern army, other military units, is retreating from Bursa toward Panderma and Mudania, on the Sea of Marmora.

A state of panic prevails throughout Ionia, and the British high commissioner has telegraphed to Constantinople asking that relief supplies be rushed here as it is believed a grave food shortage will result in disorders.

The foreign population are in trepidation lest the Greeks explode the immense stores of ammunition in the city to prevent them from falling into the hands of the Turks.

MALTA, Sept. 8.—The British cruisers Concord and Cardiff, under command of Rear-Admiral Sir Reginald Trywhitt, were under orders to sail today for Smyrna.

The entire British Mediterranean fleet is now concentrated in Near Eastern waters.

ADANA, Asia Minor, Sept. 8.—The town of Adana, about 23 miles from Smyrna, has been occupied by Turkish cavalry.

An Ankara dispatch asserts that the Greek northern army, composed of three divisions, has been annihilated and its remnants made prisoners.

LONDON, Sept. 8.—Official dispatches from Constantinople indicate that the Turkish Nationalist forces have advanced to within 25 miles of Smyrna and are still advancing rapidly.

Planted First Apple Tree on Prairie Lands of Manitoba Province

In Ontario the horticulturists, a few years ago, put up a monument to the site of the first McIntosh Red apple tree. In Manitoba they reversed the process by honoring the man rather than the tree, and by doing it while the man is still alive. At the recent convocation of Manitoba Agricultural College the portraits of four men who have greatly helped Western agriculture were hung at the convocation hall and their names inscribed on the college roll of fame. Those honored were Dr. S. A. Bedford, Brigadier-General Hugh N. Dyer, and Messrs. J. W. Scallion and A. P. Stevenson, all well-known agriculturists. The last-named was honored for his success in fruit growing and as being the one who over forty years ago planted the first apple tree in Manitoba. In addition to his work in connection with fruit trees, Mr. Stevenson was one of the earliest believers in the work of planting shelter-belts across prairie farms and about the farm buildings, and for over twenty years has been one of the tree-planting promoters of the Dominion Forestry Branch. When he began it was generally believed that trees would not grow on the prairies, and much of the progress of the work in the early days was due to Mr. Stevenson's enthusiasm and to experience gained on his own farm near Morden, Man.

PAYMENTS BY GREECE APPEAR DOUBTFUL

OTTAWA, Sept. 8.—Severe Greek default at the harvest of Turkish nationalities and the consequent political turmoil in Athens are raising some questions as to the capability of Greece to meet continued interest payments on the credit extended by Canada to the Greek government. When the credit was first granted, interest payments were met. Following the return of King Constantine there was a cessation. Greece now owes Canada rather more than seven and a half million dollars.

TOURIST GROUP ALIVE TO NEEDS

(Continued from Page 1)

To erect a bandstand on the lap of the bank and adjoining same a dancing platform or pavilion to accommodate 500 couples.

To build required amount of booths for the sale of candies, ice cream, fruit and other commodities, and amusement booths such as shooting galleries, etc., etc.

To provide necessary accommodation for tea and dining-rooms, etc., and also open air tables, covered in, as may be required.

To build a first-class scenic railway.

To fence the entire area on land boundaries with entrances provided with turnstile gates, so that charge for admission could be collected when any special event is being given.

To have the two or three acres nearest the city made into a proper up-to-date camp grounds, to be provided with all the necessary equipment for visiting tourists, with bathing facilities provided at this portion of the grounds.

Music to be provided daily, afternoon and evening, from 20th May to end of season. Charge to be made for use of seats and dancing. Booths to be rented, and the gardens to be rented on a concession subject to supervision.

Scenic railway to be operated by the city.

Proper policing of grounds to be provided.

Proper bath house accommodation and all the necessary apparatus for the holding of an up-to-date swimming gala to be provided.

The whole project to be put on a self-supporting basis and sinking fund for payment of principal and interest to be provided for.

Permanent Auto Camp

The establishment of a permanent auto camp was discussed, and a committee consisting of Mr. H. P. Johnson, chairman, Mr. W. A. Willis and Mr. T. R. Robertson was appointed to make inquiries as to the probable cost of such a camp, the accommodation needed, the Greek military leaders, it is believed here, will be obliged to accept an armistice terms the victors may dictate.

A request from the Sidney Board of Trade for co-operation in providing and planting trees along Beacon Avenue was read and assistance promised. Assistance was also offered to the Automobile Club in removing obsolete signs on the Highways.

Prairie Nights

It was announced that reports of a successful harvest on the Prairies would probably mean that the influx of visitors from that part of the Dominion during the Winter would be large, and a series of "Prairie Nights" in the new Chamber of Commerce auditorium was suggested. The clubs of the city will be consulted on the matter, and asked if they would be prepared to present a given number of nights during the Winter on which they would arrange suitable entertainment for the Prairie visitors.

FIVE MEN INDICTED ON HERRIN CHARGES

MARION, Ill., Sept. 8.—Five of the thirty-eight men indicted in connection with the Herrin massacre slept in the county jail last night. Otis Clark, the first man to be indicted, was joined by four more, Leva May, a miner of Herrin; Charles Rogers, a miner of Herrin; Phillip Fontanetta, a miner of Marion, and James Brown, colored deputy of Col. wever, arrested, charged with murder. Everything is quiet over the county. More arrests are expected early tomorrow.

Attorney-General Brundage, in commenting upon the action of the grand jury said that "this special grand jury of Williamson County has shown through this impartial report what the law-abiding people of the county think of this massacre and of law enforcement."

U.S. VETERANS ARRIVE TODAY

(Continued from Page 1)

between the fighting men of both countries which will be strengthened by the present welcome.

A Joint Welcome

Soldier organizations of the city have all joined hands in planning the series of entertainments to be held in honor of the visitors and have extended a cordial welcome to them to make use of their club quarters for the duration of the visit. One of the most pleasing and touching features of the two days, however, is the joint tribute to dead comrades which the soldiers of both countries will pay Sunday afternoon at the soldiers' and sailors' plot at Ross Bay Cemetery.

The tribute which the United States veterans desire to pay to their dead comrades in arms will strike a chord in the hearts of the relatives of the men resting at Ross Bay, most of whom are soldiers or sailors who bravely and uncomplainingly battled with their war disabilities or fought to recover health shattered by the strains of service long after hostilities had ceased.

There are two other features of the visit which show the open heartedness of the United States veterans, one being that in spite of the fall programme Sunday they have expressed their desire to snatch a little time to visit the ex-service men in

hospital and distribute a few comforts. The other is their readiness to join in the effort to swell the "Billy Mui" fund to help the Vancouver Island Athletic Association diver who was seriously injured in diving from the 100-ft tower at the George during the Pacific Northwest Association gala a few weeks ago.

Briefly the programme for the two days is as follows:

Saturday—Reception and presentation of key and freedom of the city at Parliament Buildings, at 1:15. Reunion of the veterans and their families at the Drill Hall, at 3 o'clock. Community dance at the Drill Hall, commencing at 8 o'clock.

Sunday—Visit to the hospitals, commencing at 11 o'clock. Assembly at 1 o'clock at the Parliament Buildings for march to Ross Bay Cemetery for Memorial Service.

The local veterans wish to emphasize the fact that the Victoria patriotic organizations and the public generally are invited to take part in the proceedings today and tomorrow.

Women's Conservative Progressive Club Approves of Action of Conservative Convention

There was a good attendance at the meeting held last night by the Women's Conservative Progressive Club, in their rooms in the Pemberton Block, at which Mrs. Randall, president, occupied the chair. A resolution was unanimously approved endorsing the action of the recent Conservative convention at Vancouver in electing Mr. W. J. Bowser, K.C., as leader of the new Liberal-Conservative party in British Columbia.

Routine business occupied the attention of members. It was decided to open the season with a concert and dance to be held in the Conservative clubrooms, Campbell Block, on Monday, September 18. A number of new members were elected.

Mystery in Woman's Death

RAN FRANCISCO, Sept. 8.—An unidentified woman about 35 years old was killed last night when she fell or was thrown out of a second floor window of a hotel here. Thomas Woodward was arrested after neighbors had said they heard him quarrelling with the woman.

MR. AUBONE HOYLE IS LEAVING CITY

Religious Education Director at First Presbyterian Church, will leave Victoria on Tuesday, September 19, accompanied by Mrs. Hoyle and their two small children, and will proceed to Hartford, Conn., where he will reside for the next two years.

Mr. Aubone Hoyle, director of religious education at the First Presbyterian Church, will leave Victoria on Tuesday, September 19, accompanied by Mrs. Hoyle and their two small children, and will proceed to Hartford, Conn., where he will reside for the next two years. Mr. Hoyle intends taking a special course in religious education work in the Hartford College School of Religious Pedagogy.

The large number of friends of Mr. and Mrs. Hoyle will learn with regret the announcement that they are about to leave Victoria. Mr. Hoyle was a most energetic worker in Christian endeavor, and in this mission, his wife's assistance proved most valuable. Mr. Hoyle is a most competent organizer, and has connected himself with several prominent organizations which have made much progress through the timely advice and supervision which he offered.

Returning from four years overseas, during which he was attached to the 2nd Canadian Motor Machine Gun Brigade, Mr. Hoyle was appointed director of religious education and superintendent of the Sunday School at the First Presbyterian Church in 1919 during the pastorate of Rev. J. G. Inkster. He was practically given absolute control of the work in connection with the young people of the congregation, and the excellent manner in which he has organized the various activities in which the young folks are engaged, reflects much credit upon him.

When Mr. Hoyle was made head of the Sabbath School at the First Church, there were only about 175 scholars attending. Under his guidance, the school has increased in membership from 175 to 450, and is the largest Sabbath school in the city.

city, and the fourth largest in British Columbia.

Probably the best organized Young People's Department of any church in the city is that established by Mr. Hoyle at First Presbyterian Church. During last Fall and Winter, the department had a very instructive programme which drew an average attendance of 100 members to the church on a week-night once a week. Debates, sessions of "mock parliaments," instructive papers, concerts, socials and other forms of instruction and entertainments were organized by Mr. Hoyle.

Mr. Hoyle was for two years president of the Victoria District Religious Educational Council, while he is an executive member of the Provincial executive of the council. He has taken a great interest in athletics and the promotion of every kind of clean sport, being vice-president of the Victoria Sunday School Athletic Association, which body supervises all games and contests between the various Sabbath schools of the city. Mr. Hoyle at present is a captain in the 11th Machine Gun Brigade here.

Since accepting his post at the First Presbyterian Church four years ago, Mr. Hoyle has had several offers from other congregations, including Knox Presbyterian Church, Toronto, to carry on religious educational work there.

Returning from four years overseas, during which he was attached to the 2nd Canadian Motor Machine Gun Brigade, Mr. Hoyle was appointed director of religious education and superintendent of the Sunday School at the First Presbyterian Church in 1919 during the pastorate of Rev. J. G. Inkster. He was practically given absolute control of the work in connection with the young people of the congregation, and the excellent manner in which he has organized the various activities in which the young folks are engaged, reflects much credit upon him.

When Mr. Hoyle was made head of the Sabbath School at the First Church, there were only about 175 scholars attending. Under his guidance, the school has increased in membership from 175 to 450, and is the largest Sabbath school in the city.

COFFEE JAMESON'S BEST

Ward Seven Exhibition—The annual exhibition of the Ward Seven Cottagers' Association will be held today in the Thilium School. It will be opened at 2:30 p.m. by Mr. F. A. Pauline, M. P., and Rev. George Watson.

City & District

Committee Did Not Meet—The works committee of the City Council did not hold its regular meeting yesterday.

Service Button Lost—Dr. Rogers, Belmont Building, has notified the local police department that he has lost his returned soldier button, No. 46309.

Victoria College—Supplemental examinations in junior and senior matriculations in first and second year will begin at Victoria College on Wednesday, September 13, at 9 a.m.

Fails to Appear—Rachel Sindin, who is charged with vagrancy, failed to make an appearance yesterday morning in the police court when her case was called. A warrant will be issued for her arrest.

Equimatt Friendly Help—The meeting of the Equimatt Friendly Help Society, which was to have been held yesterday, has been postponed at the call of the chairman, Mrs. Henry Croft.

Too Much Noise—Mrs. W. Harding, of the Glangary Apartments, Cook Street, and others living in the same building have made complaints to the police that a gang of youths have been creating a disturbance in the locality in the evenings.

Honorary Lieut.-Colonel—Battalion orders of the First Canadian Scottish (14th Batt., C. E. F.) contain the information that His Honor Walter Cameron Nichol, Lieutenant-Governor, has been appointed honorary Lieutenant-Colonel of the Battalion.

Thief Takes Clothing—A suit of clothes and an overcoat valued at \$80 were stolen sometime during Thursday from the residence of Mr. H. J. Carlin, 1041 Collinson Street, according to the report made by Mr. Carlin to the police yesterday.

Equimatt Parent-Teachers—A special general meeting of the Equimatt Parent-Teachers' Association will be held in the auditorium of the Lamson Street School on Thursday, Sept. 14, at 7:30 p.m. for the purpose of electing officers for the ensuing year.

Kumtuka Club—The Kumtuka Club will hold its first fortnightly luncheon of the Fall season at the Victoria Hotel on Monday next at 12 o'clock. As this is the first luncheon held since the club was organized, a special menu is being served. Miss Mustard will address the club.

Gyro Holding Dance—The Gyro Club will hold a flannel dance in the Cadboro Bay Hotel on Friday, September 22. Arrangements for the affair are now being made by the chairmanship of Gyro George Paulin.

No Opening Ceremony—The city does not intend to have anything in the nature of a ceremony when the first train passes over the vehicular bridge next week. The time for an official opening is at the point out at the City Hall, will be when the whole of the bridge is completed next year.

Arts and Crafts Exhibition—The Island Arts and Crafts Society will hold their thirteenth annual exhibition of original work in oil and water color painting, drawings, designs, crafts, etc., from October 19 to 25 inclusive. It has not yet been arranged where the exhibition will be held, but due announcement to this effect will be made later.

Provincial Appointments—Mr. R. S. Beale, of McBride, has been named vendor in charge of the new Government liquor store at that point. Mr. H. E. Nelson, of Vancouver, has been appointed a notary public; William P. Mandale, of Mission, and Mr. J. Wilson, of Port Hammond, have been appointed issuers of marriage licences.

To Sing at Organ Recital—Madame Winifred Lugin-Fahy will sing the following selections at the organ recital to be given next Monday evening at St. John's Church: "In Verdure Glad," from the "Creation," "Hear Ye, Israel," from the "Elijah," Handel; and "The Lost Chord."

Canadian Legion—A successful whist drive under the auspices of the Women's Auxiliary of the Canadian Legion, Victoria Post No. 1, Amalgamated Veterans' Club, held at the Legion clubrooms last night. There were 14 tables and the prize winners were: Ladies—Mrs. Gannett, 1; Mrs. Williams, 2; and Mrs. Gordon, 3. Gentlemen—Mr. Frampton, 1; Mr. Murphy, 2; and Mr. Pearce, 3.

Equimatt Gun Club—The Equimatt Gun Club will hold a shoot this afternoon at 3 o'clock on the premises, Admiral's Road. Visitors are invited to join with the members in the competition, the ammunition for which may be obtained on the grounds. This will probably be the last opportunity for trap shooters to get their eye "in" before the shooting season starts.

Navy League Chapter—The meeting of the Navy League Chapter, I. O. D. E., heartily endorsed the suggestion forwarded by Municipal Chapter, I. O. D. E., to unite the efforts of all chapters in one large undertaking, at the meeting held yesterday afternoon at headquarters. The remainder of the meeting was spent in routine business and correspondence.

Fire Hazard Lessened—Improved conditions from the standpoint of the forest fire hazard are reported in advices reaching the Provincial forest protection service. Showers in most districts, with cooler weather, have resulted in materially reducing the

Case Continues—The hearing of the case which the Saanich Municipality has brought in seeking to establish the right of a highway near the northern end of Elk Lake and south of the former Victoria and Sidney right-of-way, occupied all day yesterday in the Supreme Court. The case is being argued by Mr. Justice Murphy. At noon, His Lordship, Mr. William McFadden, who claims that

the road in question is a private thoroughfare; Mr. F. C. Elliott, his counsel; Mr. Harold B. Robertson, K.C., municipal solicitor for Saanich, and several of the witnesses in the case, journeyed out by motor car to Saanich and viewed the highway in dispute. The defence has not yet submitted evidence in the case.

Perdue vs. Hall Suit—The slander action for \$20,000 damages which former Detective Inspector George M. Perdue has brought against Dr. Ernest Hall, former police commissioner, will be heard in the Supreme Court on Tuesday, September 19. Permission to begin the proceedings in this trial was granted to Mr. W. A. Brethour for Mr. W. J. Taylor, K.C., who will appear for Mr. Perdue, yesterday morning in the Supreme Court Chambers before Mr. Justice Murphy. Mr. Perdue is seeking damages for slander, which is alleged to have been uttered by Dr. Ernest Hall on the night of the big Hall-North rally last December at the Royal Victoria Theatre. No date has yet been set in the Perdue vs. North slander suit, the damages which are asked being also \$20,000.

SWEDISH ARCHBISHOP ASCRIBES WAR TO FEAR

STOCKHOLM, Aug. 21.—Nathan Söderström, Archbishop of Sweden, who is going to the United States to deliver the address before the assembly at the World Congress of Churches which has just been held in Copenhagen, made an appeal to all creeds and congregations to unite in restoring peace throughout the world. Representative of nearly every Christian church and creed were present.

"The world is infested with the two microbes of hate and fear," said the Bishop, "but we are grossly ignorant of how to turn our inherited curse into a blessing." He denounced those servants of Christianity who pause to ask about party or creed when there is a question of saving perishing humanity. The churches must stop theorizing and arguing about trifles, and must unite in definite action in the cause of peace.

An Englishman's Home

The intentions, if not the provisions, of the Rent Restrictions Act are being systematically evaded. Under that Act it is illegal to charge any premium on a house rented at less than £78 a year. What happens is that some fantastic sum is charged for "fittings." An old blind and a gas tube, worth perhaps a pound, are taken over at a hundred pounds valuation, the transfer of the property being made conditional on the payment. Thus, in effect, the Act becomes inoperative. It is a scandalous state of affairs, and if house agents are unable to deal with it the State should take powers to make its authority felt. The whole housing problem of the metropolis is still acute. Changed conditions have made many large London houses impossible to live in. Their conversion into flats is as a rule unsatisfactory, even supposing the landlord gives his consent to the change. Small houses are obtainable, except at exorbitant rentals. Scarcely any new houses are being built. It is a serious problem, and deserves anxious consideration.—London Daily Express.

THE WEATHER

Meteorological Office, Victoria, B.C., at 3 p.m., Sept. 9, 1922.

SYNOPSIS: The barometer remains high over this Province. Heavy rains prevail in Northern British Columbia, and in the interior of the Province. The weather is becoming less stormy.

COUNCIL OF STATE
TAKES MODERATE SIDE

LONDON, Sept. 8.—Following a keen debate the Indian Council of State by a large majority, without a division being taken, a motion expressing apprehension and disapproval over Premier Lloyd George's speech relative to India's future, according to a Reuters dispatch from Simla.

The rejection of the resolution was the result of an earnest appeal from

the Indian members of the Council of State to their colleagues to drop the matter, as their fears were groundless, and an appeal from Sir William Vincent, representing the home department of the executive council of the Governor-General, for the maintenance of the House's reputation for sobriety and wisdom.

One Indian member declared that the moderates wanted the civil service for years to come.

There were cries of "no" when Sir William Vincent asked whether the House wished to cease recruiting British officials.

Vancouver Island

COMOX FALL FAIR
PRONOUNCED SUCCESSAnnual Agricultural Exhibition Proves
One of Best Ever Held in
the Valley

COURTENAY, Sept. 7.—The annual fall fair of the Comox Agricultural Association was held yesterday at the grounds of the association on the Island Highway. Courtenay, attracted a crowd of spectators and visitors from every corner of the Comox Valley. Campbell River, Oyster River, Headon, Union Bay, Denman Island, Hornby Island and Cumberland were fully represented in the throng. Many visitors were also present from Vancouver, Victoria, Nanaimo and other far away points.

The opening ceremony was performed at 1 o'clock by the Honorable A. M. Manson, Attorney-General, who eulogized the efforts and industrial activities of pioneers who had taken upon themselves in years gone by the task of hewing a home out of the wooded areas of the Province. Twenty-one million dollars worth of agricultural produce had been imported into the Province of British Columbia in 1920, and in 1921 fifteen million dollars worth of produce had been brought in, showing conclusively that the growth of the agricultural industry had been very satisfactory, and that if the efforts of the past year were maintained there was no reason to believe that in another five years these importations would not be necessary.

On the platform with Mr. Manson were Mayor Charles Simms, of Courtenay, who delivered the address of welcome. Mr. William Urquhart, president of the Agricultural Association, and Mr. A. H. Herd, secretary.

A Great Success
The fair in all its phases was a decided success. The exhibits in the hall, comprising vegetables, fruit, flowers, farm produce, dairy produce, honey and ladies' fancy work, were extremely high class, while the display of livestock, though not quite so extensive as last year, showed conclusively that the reputation of Comox Valley as a dairy district stands supreme.

The fruit exhibit, particularly, was a marvel, the judges declaring that they had seen nothing this year in any of the fairs that could be described as of a better quality. This division alone held over fifty of the greatest number of exhibits ever put on show in the valley. During the past two years the potato growers of Comox have worked co-operatively, and the results of their combined efforts to standardize for market purposes tubers produced in this remarkable valley was abundantly demonstrated in the number of exhibits and quality of product. Many of the exhibitors in this division are sending entries to the other big fairs to be held this month in various parts of the Province. Old timers who have been exhibiting at the fall fair for the past twenty-five years have said that never have they seen such a grand display as was put on view in the hall this year.

The honey display was a grand one, the past season having been good for bees. Mr. Fred Bean, of Grantham, had on display a colony of bees acap. This was a centre of great interest to the usual on-lookers.

Creamery Exhibit
Comox Creamery Association had a splendid display of dairy produce, including butter, cream, milk and eggs. This year the creamery has entered the field of jam manufacturing, and had on view a full display of the product of this far-famed institution.

There were seventy-nine entries in the senior poultry division, and thirteen in the junior. The best birds of the valley were shown, the classes include white Wyandottes, white Leghorns and barred Rocks. Many of the birds have splendid records, and this division was generously admired.

Large entries of hogs, sheep and goats were also on the ground. In the division for horses some splendid agricultural animals were shown. The winners of the largest dairy herds in the valley were among exhibitors, one farm sending in fifteen animals, and succeeded in carrying off twelve prizes. In the ladies' work division there were two exhibitors who had not less than seventy entries each.

The cookery division and home canning displays were well filled. Cut flowers were in profusion, the roses, asters, and dahlias making a pretty show. There were several trade displays, including farm machinery and dairy equipment by the Comox Creamery, motor cars by local garages. Mr. Len Picket had a show of electrical goods, and the Marshall Music Company had a splendid showing of musical instruments.

Usual Side Shows
There were the usual side shows and a shooting gallery, all of which attracted great crowds. The Dominion Experimental Station at Sidney had a wonderful exhibit on view in a tent, showing model farm buildings, fruit, grain and bottled fruit.

The Ladies' Auxiliary served refreshments in the dining room of the hall, and also operated an ice cream stand on the grounds, and the financial success of the fair is due in no small part to this energetic organization of willing workers. Moody's orchestra occupied the band stand, enlivening the fair with high-class music.

The sports programme for children was splendidly superintended and carried out, prizes having been donated by the business houses of Courtenay, and some cash by visitors to the fair.

The Comox Logging & Railway company was of great assistance to the fair, besides being generous with canvas covers for the various stands on the grounds, and rope for the tug-of-war contest, allowing the men in their employ a half hour as members of their camp staged a tug-of-war contest in the river; this was an event which attracted a great crowd. In the evening a dance was held in the hall, being largely attended, and allowing all who so desired to conclude a pleasant day in the time-honored fashion.

NANAIMO NEWS NOTES

NANAIMO, Sept. 8.—The funeral of Mrs. Mary Margaret Robertson, deceased wife of Mr. F. E. Robertson, manager of the local branch of the Royal Bank, took place today.

There was an exceptionally large floral offering and attendance of sorrowing friends. Services were conducted by Rev. Mr. Ryall, rector of St. Paul's Church, the pallbearers being Messrs. W. W. Lewis, Arthur Leighton, William Gisholm, J. C. Bow, Walter E. Thompson and J. K. Simpson.

While returning from work at the Wakesiah Mine yesterday afternoon on a bicycle, John Watson was struck by an auto driven by H. Meizer on the outskirts of the city. Mr. Watson received a severe cut in the head. No word has been received that the body of the late Miss Anna Lister, drowned as the result of an auto accident near Revelstoke a week ago, has been found. Rev. Mr. Lister, of this city, father of the young woman, is still at Revelstoke awaiting the recovery of the body.

Mr. Douglas W. F. Robertson left yesterday for Winnipeg on receipt of the news announcing the death of his father, Douglas Robertson, at the residence of the elder Robertson's death were meagre, but it was inferred that he was struck by a harvester or some other farm implement while working on a farm near Winnipeg. The late Mr. Robertson visited Nanaimo last March.

News reached the city yesterday from Powell River to the effect that Albert Hill, youngest son of Mrs. Sarah Hill, Albert Street, Nanaimo, had been killed at that place. Deceased was 25 years of age and is survived by his widow and one child, aged three.

GARDEN CITY W.I.

The monthly meeting of the Garden City Women's Institute was held in the Marigold Hall, on Thursday, September 7. Mrs. Harries presided over the meeting and twenty-two ladies were present.

A very satisfactory financial statement of the flowers show given by the secretary, after which the prizes were awarded.

Mrs. Lawrence was the winner of one of the Government books. Mrs. Lawrence had exhibits entered in 21 classes, Mrs. Chambers being second with 27 entries.

Mrs. Munro, who had a total of 26 entries, was the winner of the book for most exhibits in the baking section, namely, 9.

Mr. Drennan won the cake kindly donated by Mrs. Bates, and Ramsay won the prize offered for the bean competition.

The social committee is busy planning for the winter, whilst other committees are anxious to arrange evening classes.

Those wishing to join a dressmaking class are asked to send names to Mrs. Lawrence or Mrs. Chambers, whilst Mrs. Dewar will supply information to those interested in a class for the study of needlework.

Mrs. C. A. Lucas, nurse superintendent of the Saanich War Memorial Health Centre, gave a talk on the work of that institution, and expressed the wish to form classes in the different districts to teach home nursing.

The various clinics held at the Centre were enumerated, and the work explained, many interesting photographs being shown.

Statistics show that from October to June 466 patients received dental treatment. In January, three tonsil clinics, with seventeen patients; seven chest clinics and sixteen baby clinics have been held, whilst thirty-nine newly born babies have been cared for by the nurses, and all mothers are encouraged to attend the clinics so that their children will grow up under the tender supervision of doctors and nurses.

The number of home visits by the district nurse since January were 6,427. The work of the school nurse was explained with special reference to the "Little Mother's League." School girls who earn their certificates in this branch of work will be awarded a Saanich Health Centre badge. A fully equipped baby's basket needed for this work will be fitted up and donated by the Institute women of this district.

A hearty vote of thanks was accorded to Mrs. Lucas for her talk. It was announced that on Tuesday, September 12, at 2 p.m., a public meeting will be held in the Marigold Hall, under the auspices of the Island Council for Social Hygiene, when the Rev. H. J. Archibald and Dr. J. M. Macdonald, the chairman will be Counsellor Mr. Williams. The committee hopes that everyone interested in the question of social hygiene will attend.

Sooke Women's Institute

SOOKE, Sept. 7.—There was a good attendance at the monthly meeting of the Sooke Women's Institute held on Tuesday last, in the Sooke Public Hall.

After discussing various matters, including ways and means of raising money for the school piano fund, a demonstration of home nursing was given by Mrs. M. Murry and Mrs. G. Cook, which was most interesting and instructive. A bulb and plant sale will be held at the October meeting of the Institute.

PUBLIC LIFE OFFERS
SCOPE FOR WOMEN

Mrs. Lipsett-Skinner Speaks to Members of Women's Conservative Educational and Social Club

The great importance of women in the political life of the country and their power for good in public affairs was emphasized by Mrs. W. Lipsett-Skinner, of Winnipeg, in a short but excellent address which she made to members of the Women's Conservative Educational and Social Club at a meeting of that organization held last evening in the Convention hall at Vancouver, Campbell Block. It was the first meeting of the club since the summer recess.

Mrs. Lipsett-Skinner is the first woman to sit in the press gallery at Ottawa, and her observations on the work of more men in the Federal Parliament were witty and pertinent. In these days when woman is on a parity with the sterner sex in the matter of political responsibility and opportunity.

Mrs. Lipsett-Skinner recently arrived in Victoria and her presence here was taken advantage of by members of the club. She will remain here for some time before her departure for the East. She is a barrister, and has taken a leading

part among the women in support of
the Conservative cause in the East.

This is her first visit to this Coast.

In her address last night, Mrs. Lipsett-Skinner pointed to the need for women familiarizing themselves with the constitutional history and progress of the Dominion, she urged a study of the B.N.A. Act, the enactment upon which the constitution is based and a knowledge of which is necessary if the citizen is to appreciate the scope of the Federal Provinces. She urged the need of unity among the party, not alone in the Dominion, but also in the Provinces, and congratulated the Conservatives of British Columbia upon the recent naming of Mr. W. J. Bowser, K.C., as Provincial leader, behind whom, she urged, should be aligned every section of the party. Only by consistent and loyal support of the leader could the party in this Province hope to prosper, she said.

Many delights upon the present Federal Parliament and its members were given by the speaker, who paid a tribute to Miss McPhail, the only woman member in the House of Commons. Both the leaders of the old parties in the House, she stated, are wishing they had women members in their respective ranks.

There was a good attendance of members at last night's meeting, over which Mrs. Margaret Jenkins, president, presided. Following the business of the gathering refreshments were served and a pleasant social time was spent.

Experiments in Education

Probably there has been no age more prolific in educational schemes than this in which we live. It has been recognized, to begin with, that the problems of education lie at the bottom of each and all the other problems which caused us anxiety. We may not, it is true, call our age an age of Pericles, because the conditions of Greek culture were entirely different, and the mere fact of the existence of a slave class so much greater than the actual citizens did much to alter the whole conception of democracy. But, without making any comparisons, which are bound to be fallacious, it must be held to be true that we in this country are

SIX-METRE YACHTS WILL RACE TODAY

OYSTER BAY, N. Y., Sept. 8.—Eight six-metre yachts, four flying the Union Jack and four the Stars and Stripes, will race on the Long Island Sound course off here tomorrow in the first of a series of six races for the possession of the British-American Cup, emblematic of the world's six-metre yacht championship. England won the trophy in the first international race last year held in British waters. Possession title championship will be decided on a team basis.

NANAIMO BASKETBALL

NANAIMO, Sept. 8.—A meeting of those interested in basketball was held last evening for the purpose of organizing for the season 1922-23. Officers were elected as follows: President, Joseph Sutton; vice-presidents, George Bertram and Samuel Tippet; secretary, Miss Lillian Piper; treasurer, James Bennett; executive committee, John Freer, with two others to be appointed by the president. It was decided to run the leagues on the same lines as last year: one for ladies and school girls and the other for men and boys, league to be divided into three classes: Boys, 14 and under; boys 17 and under, and seniors.

ELKS AND LOCOS TO PLAY TODAY

First of Series for Provincial Baseball Championship Starts at 4 o'clock on the Stadium Diamond

Promptly at 4 o'clock this afternoon either Empire McMahon or McGregor will call "Play ball" and start the Victoria Elks and the Loco club away for the first battle of their three-game series to decide the amateur baseball championship of British Columbia. Interest in the coming battle is at a high pitch, and given a good day, the local Stadium is expected to be packed. Manager Lorimer, of the Island champs, reports that all his players are in fine form and are impatiently awaiting the start, and while making no definite statement as to who will occupy the mound, it is expected that Melville will again be called upon to hold the visitors in check. The balance of the team will line up in practically the same way as was used in bringing the Island championship to this city, and, with the "Deacon" in good shape, the local club may be depended upon to hold up their end of the argument.

In meeting the loco club, the Elks will stack up against the strongest team they have been called upon to play this season. Winning the British Columbia title last year, the Loco team again will be expected to finish this season by defeating the fast Hanbury team two games in three and grabbing the Mainland title. Robinson's pitching has proved the mainstay of the O.U. men during the present season and he will no doubt be called upon for this afternoon's struggle, with St. Clair held in reserve in case "Robbie" finds the going too heavy. Other players amongst the visitors include H. Cross, catcher, Salloway, shortstop, and A. Cross, one of the finest firstbasemen on the Mainland. A full list of the loco players is not available at the present time, but from all reports they have gathered together the strongest team seen in Vancouver for some time, and will keep the local boys hustling during the entire nine innings.

PRO HOCKEY LEAGUES ARRIVE AT AGREEMENT

National and Western Bodies Settle Question of Territorial Rights for Recruiting

CALGARY, Sept. 8.—A satisfactory working basis was entered into today between the National Hockey League and the Western Canada Hockey League. The new basis provides that the world's series games will be played alternately in each league, in the present order, in the Pacific Coast League in 1923, the National Hockey League in 1924, the Western Canada Hockey League in 1925, provided that articles of agreement in the territory of the Western Canada Hockey League, so that ice can be guaranteed.

Considerable discussion took place with regard to the question of territorial rights of new players, and it was finally agreed that the National Hockey League should have first claim on certain well-known amateurs in the East and any promising new material in the Province of Quebec and in the Maritime Provinces; the other two leagues being able to secure their talent from the balance of Canada and from the United States.

In connection with the post-season series for championship final, players must have been members of the team previous to February 15. The new arrangement between the Western Canada and the National Hockey League will necessitate a corresponding readjustment in the agreement between the Pacific Coast Hockey League and the National Hockey League.

NEW COMPETITION FOR RIFLE SHOOTING

Conditions Approximate Those of Battlefield Without the Danger of Fallow Shooting Back

ALDERBROT, Aug. 22.—The complaint is made of rifle competitions, not without reason, that they afford little practice in marksmanship under conditions that approximate those of actual warfare, and that proficiency in the kind of shooting that wins prizes is not the sort of shooting that is most needed to win battles. To meet this criticism the Company Cup competition was devised.

The idea underlying this competition is that the first of nine men, under a non-commissioned officer, is suddenly attacked by an equal number of a hostile force, represented by nine 12 inch chalk discs, which appear over the top of a trench 200 yards away.

The outpost opens fire and when a disc is hit it disappears. But more of the enemy is constantly arriving, three more discs appearing every ten seconds during the minute the contest is being waged. When the number of discs in view exceeds that of the outpost, the whole team is put out of action. The team with the fewer number of discs exposed at the end of the minute wins. It is a most interesting method of competition, and it has attracted a large number of entries.

LATEST ST. LEGER BETTING

LONDON, Sept. 8.—Following are the latest betting quotations on the St. Leger, which will be run on September 13:

Six to 1 against Vilers and Preston Grande, 13 to 1 against Ramus and Fred Power, 10 to 1 against Diligence, 100 to 1 against Buck's Hussar, 100 to 1 against Covarian, all taken and offered.

NO CRICKET TODAY

Owing to the fact that the Garrison cannot field a team today, the Virtue Cup cricket match which was to have been played by them against the Locos goes to the latter by default. The Locos thus are assured of the league championship. Had they been defeated by the Garrison today, the with the V.C. would have resulted and a play-off for league honors been made necessary.

SLOW TRACK MAKES IT HARD PICKING

Cafeteria Best Bet of Day at Hastings Park—Fair Prices Paid by Winners

VANCOUVER, Sept. 8.—A slow track at Hastings Park today kept the public guessing as to who would cop the day's races, with the result that, although there were no real long shots, second and third choices in the public eye kept coming across, and those who held tickets on the winners were always well rewarded. Cafeteria proved the best bet of the day in the fifth race, when she romped home an easy winner and paid \$18.75 for a straight \$2 muted ticket. Jack Fountain was next with his \$11.20 for his victory in the sixth. The rest of the winners averaged around \$6.

First race, six furlongs—1, Col. Snyder, \$7.85, \$3.10, \$2.40; 2, North Shore, \$3, \$2.40; 3, Cascade, \$3.65, Time, 1:19.

Second race, six furlongs—1, Jerry, \$5.20, \$2.65, \$2.95; 2, Rococo Goose, \$3.50, \$2.80; 3, Miss Frauland, \$3.65, Time, 1:19 2-5.

Third race, about five furlongs—1, Valentine Lady, \$1.10, \$2.90, \$2.85; 2, St. Clair, \$2.85, \$2.50; 3, Belle Flower, \$6.80, Time, 1:00 2-5.

Fourth race, one mile and 70 yards—1, Clague, \$8.70, \$4.35, \$3.75; 2, Senator Donlan, \$5.45, \$3.85; 3, Olympiad, \$4.95, Time, 1:52 3-5.

Fifth race, one mile and one-sixteenth—1, Cafeteria, \$18.75, \$5.80, \$3.90; 2, Deckhand, \$3.50, \$2.85; 3, Double Van, \$4.75, Time, 1:51 3-5.

Sixth race, about five furlongs—1, Jack Fountain, \$11.20, \$5.45, \$2.90; 2, Elmer W., \$5.80, \$3.20; 3, Our Hazel, \$3.45, Time, 1:00 2-5.

Seventh race, six furlongs—1, York-shire Relish, \$3.35, \$2.65, \$2.70; 2, Louvain, \$3.20, \$2.90; 3, Royal Irish, \$4.90, Time, 1:19 4-5.

STATE GOVERNOR IN FAVOR OF RACES

Governor Nathan L. Miller, Gov. ernor of the Empire State, was present at Saratoga Springs on Aug. 12, when America's most difficult but popular sportsman, Harry Payne Whitney, won the Saratoga Special and the Gold Cup with his Goshawk, by Whiskbroom II.

This is the first time within living memory that the Governor of the State has publicly presented a trophy or functioned at the race track, although in Kentucky and Maryland the Governors of these states make such presentations. On handing the cup over, the Governor said: "Such contests are a fine thing for the horse breeders' interests, and I am delighted to learn what has been done along these lines in this State. Under such influences we shall develop more and better horses all the time."

The Government is wisely giving every encouragement to breeding and racing, and at the same time, now being held at Saratoga, are getting most satisfactory prices for their yearlings. In many cases last year's crop of from 10 to 20 yearlings fetching an average of from \$2,500 to \$3,000 per head from individual studs. The satisfactory prices that are being given assure a greatly increased interest in this class of stock, and the agricultural scheme, and with racing now being extended in numerous other States in the interests of the breeders the breeding of this class of stock becomes of increasing importance to those farmers suitably located to engage in it.

WILL BOWL TODAY FOR PEACE CUP

Final Game for Civil Service Trophy to Be Contested by Fyvie and Wright at Beacon Hill Green

Lawn bowlers throughout the Island are reminded that there is a trophy presented by the Civil Service in commemoration of the end of the war which is open for annual competition.

This is the fourth year of the competition, and again the "Peace Cup" is at stake, and will be captured by a member of the Victoria Club.

David Fyvie and H. M. Wright, both of Victoria, are the contestants in the final, which will be played on the Beacon Hill green this afternoon. Next year it is hoped that there will be applicants for the championship of Vancouver Island from other cities north of Victoria, as well as other clubs within Greater Victoria. The annual match between members of the Civil Service and the Victoria Lawn Bowling Club will be played on Saturday, Sept. 16. This will be a 16-a-side game, and the high four will be entitled to front seats at the annual dinner to be held next month.

PETER THE BREWER WINS FEATURE RACE OF GRAND CIRCUIT

HARTFORD, Conn., Sept. 8.—Peter the Brewer captured the feature event of the Grand Circuit meeting at Charter Oak Park this afternoon, when he raced home in front of the field in the Charter Oak stake, beating Czar Worthy, Murphy driving, for the big share of the purse. Peter the Brewer hauled Nat Ray to his first victory in the thirty-seven year old classic.

Murphy was the big winner of the afternoon, getting approximately one-third of the \$21,000 put up in purses for the seven events. He won the 2:03 pace with Margaret Dillon, finished second in the 2:07 pace with Peter Elzawah, second in the Charter Oak stake with Czar Worthy, first in the extra heat three year old trot with Hope Frisco, second in the 2:10 pace with the Sherwood, and second in the 2:07 trot with Carmelita Hall.

Cox won three of the seven events, the 2:07 pace with Tramp Safe, the 2:10 pace with Abbie, and the 2:07 trot with McGregor the Great, that looked better today than ever before. The seventh race, the Hartford handicap, two mile and quarter dashes, was a split affair, Major River winning the first and Escotillo the second.

Peter the Brewer did not finish the third heat of the Charter Oak stake, an accident at the first turn resulting in the smashing of the right wheel of Ray's sulky.

AMERICAN TEAM WINS GOLF MATCH

Defeats Canadian Association for the Fourth Consecutive Time—Four Point Margin of Victory

TORONTO, Sept. 8.—The United States senior golf team of fifteen players won their fourth successive victory in the annual international match with the Canadian association here today, they being four points up when the last players finished, the totals being 24 to 20. The first seven Canadian players held their opponents fairly well, but the Americans gradually assumed a lead of ten points. Victories by Hon. Martin Burrell and Alfred Wright, the last two Canadians to finish, helped to reduce the margin to four points.

The big game of the match was that between the champions of the two associations, George S. Lyon and Martin J. Condon, which was won by the former. Run up the pair were even at the turn, having halved seven holes, and each had a medal score of 35, one over par. On the homeward journey Mr. Lyon maintained his form on the round and came in in one less than par, giving him a par round, while Mr.

OUR tire retreading department can make that worn casing as good as new at surprisingly little cost to you. Come around this way today and let our tire experts examine your worn tires. The advice we give will save you money.

CONDON WAS SLIGHTLY ERRATIC IN HIS APPROACHING AND TOOK 41.

Mr. Lyon's 79 was the best of the tournament.

In the afternoon play was devoted to foursomes, in which the United States players participated.

The cup presented by the American Association at the dinner last evening will likely be used as the trophy for the 16 holes.

NANAIMO FOOTBALL

Brechin Club Wins Hunt Cup and Medals by Defeating the Students' Eleven

NANAIMO, Sept. 8.—By a score of 1-0, the Brechin football team last night defeated the Students on the cricket field. The game was very even throughout, but on the whole the Brechin team had slightly the advantage. At the beginning the Students took the aggressive, but were stopped by the Brechin halves.

The Brechin team started with only ten men, but stemmed the rush for the short time. With their full team in getting one goal after some fine combination work on the part of Wyse, Paul and Peters.

Brechin had slightly the better of the game in the second half with the exception of a few minutes, when the Students made a rush in front of the Brechin goal but were unable to score. After twenty minutes of play in the second half the game was

SOMWHAT HAMPERED OWING TO THE APPROACHING DARKNESS.

By defeating the Students last night the Brechin club wins the Hunt Cup and medals for the past season. The Students will also receive a set of medals provided by the two teams with the assistance of the league.

ST. LOUIS, Sept. 8.—George Slatyer, of the St. Louis Americans, singled in the first inning of today's game with Detroit making 27 consecutive games in which he has hit safely. If he hits safely in the next three games he will have tied the modern major league record set by Ty Cobb, of Detroit, in 1911.

TENNIS AT ALBERNI

PORT ALBERNI, Sept. 8.—The postponed tennis match between Alberni and Port Alberni takes place tomorrow on the grounds of the latter. The teams chosen to represent the clubs are as follows: Alberni—Mrs. Bayne, Miss Hayne, Miss Clippingsdale and Miss Haslam; Messrs. Maeson, Brimcombe, Spratt and Bayne. Port Alberni—Mrs. Blackmore, Mrs. Ackland, Mrs. White and Miss Hayne; Messrs. Buxton, Warner, Wayne and Vaughan.

Norma Talmadge
In the Greatest Picture of All
Smilin' Through
Eight Reels of Storm and Sunshine
Come smilin' through the gates of gladness to find the drama of mating loves.
The tragic romance of Moonyeen of a generation ago, and the story of the dream of happiness of Kathleen of today.
You'll revel in every moment of a greater drama than any screen has ever given you before.

The Foolish Wife—
Who Sang Her Wings
Sweetest-lyvely-thoughtless woman plucked from the safe, sane home life to the dazzling brilliance of the fashioning—during the night she was smart—she of a runaway husband—her very life imperiled—presented only by the maddest Angel of Fate. A sympathetic interpretation.

Coming!
"FOOLISH WIVES"

AGED COUPLE WILL BE BURIED IN ONE GRAVE
VANCOUVER, Sept. 8.—After living for fifty-six years and nine months together, Capt. and Mrs. M. D. McLennan, 46, Sixty-First Avenue, had expressed a desire that they might die together and be buried in the same grave. Their wish has been granted.
Captain McLennan died two days ago. Mrs. McLennan died today. On Sunday they will be laid side by side in the same grave at New Westminster Cemetery.

At the Playhouses

ROYAL Norma Talmadge's First VICTORIA National starring vehicle "Smilin' Through," will be shown for the last time today at the Royal Victoria Theatre. Reports state that this is the most ambitious production yet made by Norma Talmadge. It is an adaptation of Allen Langdon Martin's stage hit of the same name, in which Jane Cowl appeared on the speaking stage. Appearing opposite Miss Talmadge are two leading men, Wyndham Standing and Harrison Ford, and a splendid supporting cast, including Allen B. Francis, Glenn Hunter, Grace Grimwood, Miriam Battista and Eugene Lockhart. The production deals with the romance of beautiful young Kathleen, who is left in the charge of John Carter, following the death of her Aunt Monyean. Monyean was fatally wounded by a jealous suitor on the day of her wedding to Carter. When Carter leaves the Kathleen is in love with the son of the man who killed his bride. He interrupts the romance of the young people and the absorbing plot pathos, drama, and sentiment. Norma, ever a great emotional actress, is said to have taken advantage of the great dramatic opportunity presented her.

CAPITOL The River Spree, which THEATRE up to Sam Wood, who directed "Her Gilded Cage," the Paramount picture at the Dominion Theatre for the last time today, and asked him a question. Sam's reply rather startled a bystander. "No, you're still crippled. You won't be able to walk for about three weeks yet!" was the director's response. The bystander, however, didn't know that Miss Cornwall was playing the role of a crippled girl in the picture, and that she had asked him whether or not the scene to be filmed on the following day was showing her recovery and restoration to health and strength.

COLUMBIA Tom Mix, noted Western THEATRE star of Wm. Fox pictures who is showing last time today at the Columbia Theatre in "Trailin'." From the novel by Rex Brand, has another pair of spurs. That fact alone is not worth noting, since Tom probably owns more spurs than any other man in the country. These particular spurs, however, are "different." They were presented to the Fox star by the widow of Henry Starr, the mounted bandit and bank robber in Oklahoma, who was killed by Federal officers last February while trying to hold up and rob the State Bank of Harrison, Ark. Starr made the spurs during his spare time while serving a term in the Oklahoma penitentiary; and his widow presented them to Mix in recognition of the latter's kindly treatment of the bandit when he arrested him years ago—while Mix was a deputy U.S. marshal in Oklahoma.

PLAYHOUSE Show Number Three THEATRE is meeting with great success at this popular place of amusement, and there is every reason to believe that the end of the week will see a record attendance, which the splendid entertainment being presented warrants. The first part of the bill is full of humor and good music, the violin solos of Miss Justine Gilbert being of a particularly high order, while Ernest Petch, in his original yiddish turn makes a distinct hit. The music of the potted comic opera, "The Girl From Tokio," is extremely fascinating, and is very rapidly hands in the cast chosen by Mr. Hicks for this third production. The house has been filled almost to capacity each evening and those intending to be present will find it in their advantage to reserve their seats in advance so as to avoid the rush which always

DOMINION Anne Cornwall walked THEATRE up to Sam Wood, who directed "Her Gilded Cage," the Paramount picture at the Dominion Theatre for the last time today, and asked him a question. Sam's reply rather startled a bystander. "No, you're still crippled. You won't be able to walk for about three weeks yet!" was the director's response. The bystander, however, didn't know that Miss Cornwall was playing the role of a crippled girl in the picture, and that she had asked him whether or not the scene to be filmed on the following day was showing her recovery and restoration to health and strength.

CAFE DE PARIS
IS NOTED SCENE IN
"THE FOOLISH WIVES"
Forty-eight real plate glass windows each twelve feet high and four feet wide, were used in one of the costly buildings constructed for the filming of "Foolish Wives," the million-dollar Universal picture to be seen at the Royal Victoria Theatre Monday, September 18. The glass was used in the front of the set duplicating the celebrated Cafe de Paris at Monte Carlo. Erich von Stroheim, the director, demanded the glass so his cameras could catch the reflection of the massive Hotel de France and the famous gambling Casino, sets constructed nearby. This directorial whim for absolute realism cost Universal \$12,000.

CYMRODORION TO START NEW SEASON
Welsh People of Victoria Invited to Social Evening on Wednesday September 13

The Victoria Cyrodorion Society will hold its regular monthly meeting at the Foresters' Hall, Broad Street, on Wednesday evening, September 13. This meeting promises to open the 1922-23 season in auspicious manner and the British Welsh people of Victoria together in larger numbers than ever before. A good programme has been prepared for the evening, as follows:
Opening Welsh hymn; routine business; presentation of a life membership certificate to Mr. A. Petch by Mr. D. Lewis; vocal solo by the society; pianoforte solo, Miss Bird; song, Miss M. Lewis; harp selection, Mr. R. Jones; duet, Messrs. W. V. Jones and D. Davies; recitation, Mr. R. Thomas; song, Mrs. W. Jones; presentation by Mrs. M. Margaret Jenkins to Mr. and Mrs. W. V. Jones, refreshments and dancing.

All Welsh residents and visitors to the city are invited. Lady members are asked to bring refreshments.

Kensington Objects To Being Filmed at Dead Hour of Night
The Adequid Millar Productions, Ltd., of Leicester Square, Baywater, W., a cinema film production company, and Mr. Frederick H. Ireland, a director, London, recently for causing an obstruction at Cranley Place and Onslow Square, South Kensington, S.W.

Mr. G. P. Knight, for the Commissioner of Police, said the locality was chosen for a film scene in a quiet residential district, and motor-lorries, powerful searchlights, in fact, all the paraphernalia required, with noises which might be described as a general pandemonium, were inflicted on the residents during the night of June 19. When complaint was made to Ireland, who was directing the production, he told a constable that application had been made to Scotland Yard. No trace could be discovered of any such notification to any police department. The proceedings had been complained of not only to the police but to the Home Secretary.

Police-Constable Johnson said the proceedings started at 11:15 p.m. and continued until 2:10 a.m. There were a number of actors going to and from two houses used for the production, lorries with powerful searchlights, and dynamo machinery. Crowds of people blocked the roadway. When told he would be reported, Mr. Ireland said: "These people like to see the pictures but don't understand how they are produced."
In reply to the magistrate, Mr. G. D. Dean, defending, said it was a West End scene from a film called "The Pages of Life."
Mr. Dean said the annoyance was regretted and an apology had been published in The Times.
Mr. Francis said he hoped that if the law was not strong enough to deal with such annoyances, something would be done to meet the case. He would not be worth living if residents could be disturbed in this way. He fined the company and the director, Mr. Ireland, 40s, each on each of the two summonses, and 10 guineas costs.
The magistrate also fined Charles D. Gray, a motor-coach driver, £10 for failing to stop his engine running while carrying a dynamo for the searchlights.

BEECHAM'S PILLS
For Constipation and Indigestion

DANCING IS AN ART AND NOT A JOKE

Return of Long Skirts Will Lead Dignity and Decorum to Ballrooms

Long skirts are welcomed back because they discourage kicking and sidling with the hips. Dancing is an art, not a joke.

The tango and the fox trot have been mated, and we now have the tango fox trot. The plain wait is restored to favor, and the hesitation is revived. The fopper and the flipper are hygienic monstrosities. Ninety-five per cent of ballroom nastiness is due to ignorance, five per cent to vulgarity. Dancing is an art. The tango should be in the diaphragm and the leg that supports the weight of the body. The tango is toward smoother dancing. Hope, jump, slip, dips, bends and tumbles are out. Dancing teachers ought to be licensed by the state, like doctors and lawyers. Degenerate dancing came along with degenerate music and both are skidding. Any monkey can toddle. Nice people are resolutely against the tango monkeys. Dancing is an art.

Those are random news items picked up between the east and west ballrooms of the Commodore Hotel, New York. Both rooms are full of the American National Association of Dancing has the west room, the International Association of Masters of Dancing has the east. Both are having their annual conventions, lasting all week. They are rival associations, but there is talk of amalgamation and of one great deadly smash at all that is peritistic and pernickety.

Sanity Restored
Major Fenton Bott, of Dayton, Ohio, and Thomas McDougall, of Pittsburgh, the former a past president of the American National Association of Dancing, were in the city last week. They are rival associations, but there is talk of amalgamation and of one great deadly smash at all that is peritistic and pernickety.

A TALK ON THRIFT
"The time is never lost that is devoted to work," wrote Emerson. Work and thrift are two of the chief essentials of progress, but it is just as necessary that we use judgment and care in our work as it is that we work at all.
The term "hard work" is often applied as one of the needful qualities of individual success, but "intelligent work" more aptly describes the processes that bring upbuilding. While it is true that those who get on best in the world are hard workers, they do so because they plan their work so that every moment will count for the most. There are those who literally work themselves to death, and yet accomplish but little in the way of advancement. Let us understand that it is the part of thrift to study each detail connected with our daily duties, and in this way find out if we are wasting time and energy.
No matter how menial a task, we should not become mere automatons. It should be our constant endeavor to find means, if possible, for doing our work more efficiently. If it were not for the fact that thoughtful men have constantly sought to improve methods of work, we would have the marvelous sight of science and invention that have become necessities of our daily lives.
Try to do your work better and more efficiently. This is true thrift. It will bring results in your development and progress.
No matter how you are employed, the chances are that by giving close study to the details of your work, you can find ways of increasing your usefulness.
Hard work, intelligently done, cannot fail to bring successful results in every rightful walk of life.—R. W. Straus, President American Society for Thrift.

WASHING GLASSES CLEAN
Mrs. Delmut, Widdow and L. Dardel recently presented an interesting conversation concerning pathogenic bacteria in table utensils and the best methods of disinfection, writes the Paris correspondent of The Journal of the American Medical Association. They studied the conditions under which a glass article can be rid of bacteria by the use of running water, by running water plus rubbing, or by the use of a soap solution, these methods being followed or not by drying with a cloth. This research disclosed the slight efficacy of washing with water even when it is accompanied by rubbing. Of thirty articles of glassware soiled by cultures of Bacillus prodigiosus and washed with water without being wiped, twenty-two were still infected with the bacilli. On the other hand, of twenty-four such articles washed in the same way, but wiped, only five remained infected.
Of six articles washed with a 3 per cent soap solution without being

Everybody's happy when there's Music in the home!

Canada's Greatest Piano The Gerhard Heintzman Player-Piano

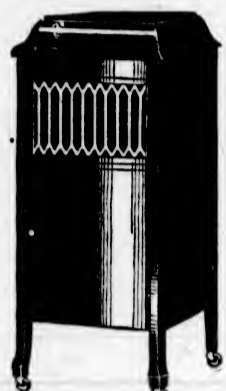

For over half-a-century the Gerhard Heintzman piano has aroused the true love of music in thousands of Canadian homes. Conceived and built by the same men who for over half a century have built the nationally-famed Gerhard Heintzman Piano—the fidelity of its reproduction—the power, sweetness and mellow beauty of its tone—is astounding.

The Phonograph Built by Piano-Craftsmen

You will gauge all Phonographs by a new standard after you have heard the Gerhard Heintzman. Designed and built by the same men who for over half a century have built the nationally-famed Gerhard Heintzman Piano—the fidelity of its reproduction—the power, sweetness and mellow beauty of its tone—is astounding.

WHERE there's plenty of life and melody, where the evenings pass quickly and pleasantly in music and laughter, the young people want to stay home—business worries vanish—home becomes a brighter and better place to live in.

Music is in you—part of your very being. You absolutely need music.

FLETCHER BROS.

614 View Street, Central Building, Victoria, B.C.

The Original, Genuine GERHARD HEINTZMAN

wiped, five presented the bacilli, while of twenty-two articles washed with a 2 per cent solution, followed by wiping, none showed Bacillus prodigiosus. The influence of drying with a cloth is obvious, especially when it follows washing with soap.

Land Settlement
It is upon land settlement and land settlement alone that New Zealand's future rests. By no other means will the present crushing burdens of debt be made easy, by no other cut through the thorny maze of millions will the country reach the pleasant paths of prosperity. No master of finance may manipulate the figures to achieve the end in view; no magic wand may dispense the bloom. Only by making fruitful larger and ever larger areas of the lands lying idle can the Dominion reach that prosperity which means comfort and happiness and paves the way for higher

PEASANT ASTONISHED AT PRIEST'S ANGER

Great excitement has been caused at Cave, a town of 4,000 inhabitants, near Rome, for what is called an unprecedented insult to religion. A peasant, Nazareno Ricci, while riding an ass, entered the church of St. Stephen during mass. The scandal was enormous.

The peasant was arrested, to his great astonishment, for he declared that he was unaware of having committed any crime. He thought he could enter the church as he enters his own house together with his donkey, his faithful companion.

The parish priest applied to have the peasant condemned for violation of sacred objects, for which the Italian code prescribes heavy penalties.

The judge who examined the case decided that the sacred objects are the crucifix, relics, chalice, and so forth, but not the church, and he ordered the prisoner's release.

Next War Holds Out Cheerful Prospects For Non-Combatants

The French Military Air Service is practicing a series of long-distance night raids under war conditions as to altitude and load, says The London Daily Mail.

Ascending near Paris the other evening a group of special bombers flew 400 miles southward to an indicated objective, circled it at a great height, and returned to their base without alighting.

A new bomber is to be added to the French air fleet, carrying enough fuel, in addition to bombs, to fly 18 hours without alighting, and capable of an average speed, when very high, of more than 100 miles.

It is calculated that this machine will be able to travel just on 1,000 miles to drop bombs, and then return to its base without needing any intermediate halt. From Paris, Berlin would be within reach of this machine. In fact, it could drop bombs at a point beyond Warsaw and still return to its base near Paris without intermediate descent, or it might fly, without a stop, from Paris the length of Britain up to the Faroe Islands and back.

Yet even this machine does not represent the limit in long-distance raiding. French progress with high altitude motors, coupled with the adaptation of air-propellers to great heights, should result in the design of aerial raiders which will remain aloft for 20 hours at a speed of 200 to 250 miles.

GIVES ADDRESS ON REVERTED LANDS

Major T. B. Monk Tells Hundred Per Cent Club City Should Adopt Aggressive Policy

The city should adopt an aggressive policy in regard to its disposal of the reverted lands, Major T. B. Monk told the Hundred Per Cent Club in an address on "Reverted Lands" before that organization at its weekly luncheon yesterday. He suggested that the Victoria real estate men might conduct a campaign to sell these properties held by the city, in this way assisting in easing the burden of the taxpayers.

The charter which he obtained for the club when at the convention in Los Angeles was presented by Major Monk amid much enthusiasm. The suggestion of Mr. Rich that brief talks be given by members on the business of each other was adopted. Mr. Parfitt presided.

London News and Gossip

By E. Montizambert

The English Way

Tragic things have been happening this week. The news from Ireland is horrible. Sixty by six with the bare reports of battles killed and wounded, come accounts written by Irish people of the tortures inflicted on the Irish by the men of the own race. The apparent failure of the Downing Street conference has really perturbed the public opinion that is usually inclined to either indifference or optimism. Yesterday the few who yelled the news of the death of a man whose end seems to be deplored almost as much by his enemies as his friends. And yet there are rifts in all this gloom.

The English way shows to great advantage when there is someone in trouble to be helped, even though that someone, as no seldom happens, has given great cause for irritation. A friend told me yesterday that her garage was now filled with Irish refugees, and that arrangements were being made by many people to cope with the influx of unfortunate searching for shelter from the horror from which they have escaped. Efforts are being made to get them suitable work as the majority have lost everything they had.

The gleam in connection with the Anglo-French impasse is found in the fact, that, forced to face what a break-up of the Entente would now connote, the English Press, that has seemed, with one or two exceptions, so indifferent, is now expressing a certain amount of sympathy and understanding with the French outlook. The Evening Standard has just published a leading article headed "The Frenchmen" (a word coined by a careless compositor who misquoted Lord Grey's Oxford speech on Re-trenchment as the first and most vital necessity) in which both the British and the French Governments are beginning to realize what a rupture in the Entente, so carelessly spoken of, would really mean, and expressing a clear-sighted and sympathetic understanding of the French point of view.

Lord Northcliffe's death will profoundly affect the lives of an extraordinary number of people. The English Press firmly believes in the wisdom of the hackneyed saying that begins "De mortuis et every paper has printed columns of praise for that erratic man whose genius is universally acknowledged, even when its expression was deplored. I hear that Sir Campbell Stirling was profoundly affected by the death of his chief, to whom he was sincerely attached.

The Uses of Advertisement

The average Englishman is curiously slow to realize the commercial value of an advertisement, and were ago three ex-avies men started to run a chocolate colored bus in opposition to that octopus the London General Omnibus Company, which is amalgamated with the Underground and District Railway, and so practically controls London transport. The L.G.O.C. resented the intrusion of this private enterprise, and was naive enough to detail two omnibuses to convey it and gather up the fares for and aft. An American bus in the same situation as the private would have been enchanted at this guileless proceeding. It would have appeared next day with huge blatant placards. Only the Transport since the War. The manager of the Express Omnibus Company was blind to this opportunity—he even thought of appealing to the police to stop the "persecution" of the General.

If the saucy pirate has been a thorn in the flesh of the L.G.O.C., it has been a huge delight to the London public, thrilled by the unequal contest and prepared to back the little 'un.

The manners of the executive men on the chocolate bus are unique in the annals of busdom—they chat with the passengers and give good advice about a ride on top when the weather is fine, or inside when it is cloudy. They know their route better than the General conductor who once told me that he had never heard of Waterloo Place, and when I weekly pointed it out to him he said, "Yah! some people think they know everything." The conveying ceased abruptly just as the intrepid chocolate bus began to realize that it owed its crowded seats partly to the sleuthhound tactics of the L.G.O.C. bringing them public support, and partly to the joy of the Press at such a heaven-sent tale to lighten their columns; but I don't believe that Mr. Partridge, the master buccanner aboard the saucy pirate realizes yet how much he owes to the magnificent free advertisement given to his gallant venture on the high seas of the London Streets.

The High Commissioner and Mrs. Larkin are taking things quietly after the strenuous season, and having just moved into their new quarters, are in no great hurry to forsake London for the country, where they will go towards the end of August. Mr. and Mrs. Larkin are very pleased with the house they have taken in Hill Street, just off Berkeley Square. It belongs to Mrs. Van Raalte, a well-known London hostess, and is a delightful place—not large as big London houses go, but beautifully arranged and very comfortable. Someone told me that in discussing his plans, Mr. Larkin had said, "I want to get a house where it will be congenial for Canadians to come and see me," and that just expresses the courteous, friendly attitude towards his compatriots that has already made the new High Commissioner so popular among his fellow-countrymen.

"The Beggars' Opera"

Mr. Nigel Playfair is opening his new West End theatre on September 11 with a new play by Arnold Bennett. The theatre will be called The Regent, King's Cross, and no doubt the dwellers in Bloomsbury will be glad not to have to go far afield for their evening's amusement.

Playfair says that Mr. Playfair will never get the West-Enders to go so far from theatre-land. I saw the best possible answer to that two nights ago when I went once again to hear "The Beggars' Opera" at Hammer-smith. The Lyric Theatre in that out-of-the-way place was just as crowded with an enthusiastic audience as it was when I first heard Macbeth sing "How happy could I be with either," two years ago. Miss Sylvia Neil is back in Polly Peachum's part again, and the cast have all had new frocks, but the encores

were as frequent and the enthusiasm as sincere as if London were hearing the two-hundred-year-old opera for the first time.

It is no wonder that Canadians don't want to miss this charming musical fantasy that Mr. John Gay wrote to wipe the tears of the Italian opera. Mr. A. P. Horne, Mr. Finlay-fair's manager, told me that the number of overseas visitors who take the trouble to go out to Hammer-smith to hear "The Beggars' Opera" is amazing.

Three years ago Mr. Gay's name was practically unknown to the man in the street. Today his work is better known at all events in London—than that of his far greater contemporaries like Pope and Steele. An edition de luxe of his "Trivia" (a lengthy poem on the art of walking the streets of London at a time when only "people of quality" could afford to ride in coaches) had just been published, and both it and another of his operas, Polly, will probably have a success d'estime also due to "The Beggars' Opera."

"The New Sin"

Why Mr. Macdonald Hastings was misguided enough to choose such a misleading and stupid name as "The New Sin" for his play, now being revived at the Everyman Theatre, at Hampstead, I do not know. He has had time to repent of it, for seven years since he wrote the clever, arresting and interesting piece that only falls where the author ignores what would be inconvenient for him to explain.

The cast contains seven men and no women, and the acting is uniformly excellent.

The plot is woven round a vindictive will that points to suicide as the only way Hilary Cutts can save his worthless family from starvation. Sombre though it was, the play was vivid and compact with interest. It was preceded by the late Mr. St. John Hankin's cynical little comedy "The Constant Lover," making one regret once more the untimely death of that gifted playwright.

Captain Alex. Aaronsohn's name as a theatrical manager was unknown to the average theatre-goer a short time ago, but today every newspaper is full of his plans for the future.

It is true he has not succeeded in his hopes of bringing that great Italian actress, la Duse, to London this Autumn, but one hopes that the scheme for founding a children's theatre won't share the same fate. The children's theatre will be installed in the Adelphi and will run every afternoon all the year round at reduced prices.

That clever Canadian actress, Miss Margaret Bannerman, who is now appearing in Decameron Nights, has just signed a contract to play lead in a new English cinema production "The Graceland."

When Miss Sybil Thorndike's season in "Jane Clegg" comes to an end at the New Theatre, Mr. Matheson Lang, another famous Canadian, will play the leading part in a new play by Alfred Sutro.

Lord Dunsany has also arranged with Mr. Cochrane for the production of a new play, but it may be tried out in America before seeing English footlights.

Mr. Cochrane is trying the French

musical farce "Phi-phi" on Portsmouth audiences before he brings it to London. If he has had it translated "tel quel" the pencil of the censor must have been busy, for in Paris it was thought a little too broad even for the Palais Royal where the humor is usually Elizabethan and where it ran for many years.

Brother George Is a Bit of a Problem To King Alexander

BEGRAD, Jugo-Slavia, Sept. 7.—Prince George has come back to Belgrade from Paris, and there are some people here who wish that his indolent, care-free life in the French capital of recent years had proved sufficiently attractive to keep him there.

George is the eldest son of the late King Peter. As for the throne, he has renounced it, and his brother Alexander is sitting there with his new queen, Marie of Rumania. At his side, together they are busy with the formalities of court life. George has said in substance, "Here am I, George, son of Peter. I would like to have the status of my relationship to this government definitely fixed. I have not the means to live properly, either here or abroad. My brother the King has

denied me my legitimate allowance. In the meantime I would like a commission in the army. How about it?" And of course George has friends, some of whom have interpellated parliament as to why George is not granted the position to which his birth entitles him.

George presents a knotty problem.

King Alexander is credited with wishing that he would go to the United States, or some other distant land, and refrain from embarrassing the government.

A machine which will do paper at the rate of 20,000 pieces per hour has been invented.

To Holders of Five Year 5½ per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5½ per cent interest, payable half yearly, of either of the following classes:—

- Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.
- Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Dated at Ottawa, 8th August, 1922.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unexpired coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING,
Minister of Finance.

A Visit to Our Millinery Department
Puts You in Close Touch With the
Styles Now in Highest Favor

To have a thorough knowledge of what is correct in the way of Millinery for Fall wear, a visit to our showrooms will be necessary. It would be impossible for us to describe in detail every style and shape so that you could form a mental conception of their beauty and richness. However, we might say you will find here Hats that reflect Parisian refinement; styles in which you will recognize touches of the Oriental; other styles particularly Egyptian, as well as the most attractive creations of London and New York. We may truly say the millinery styles of the world may be viewed here in one grand assembly. The price range, too, is wide, meaning that whether you may have set aside much or little to purchase your hat, you may be accommodated to your fullest satisfaction. Call and see the display.
